TRIP PROFILE

On this tour, we cycle 293 km in five cycling days, predominantly on the country's world-class cycling paths. For the most part, these paths follow the rivers though at times, they divert more inland. Some portions will be on rural roads where mild vehicle traffic may be expected. At the beginning of the cycling route in Seoul we'll be riding in bike lanes. On some days we'll be using the support van to get to the cycling start point or get from the end point to the day's hotel. Your guide's expert knowledge of the area and terrain means that you always know what is coming up in terms of distance and difficulty. This makes a tremendous difference, as does the constant supply of water and refreshments along the way.

Suitability: This trip is suitable for anyone with a reasonable level of fitness and some experience spending several hours in the saddle. This trip is not too arduous; however, daily distances are between 50 - 70 km and there are gradual climbs of up to 500 m. Riders with less experience are more than welcome, but the fitter you are, the more you will enjoy it.

Biking Conditions: This trip is primarily on dedicated bicycle paths in very good condition. The terrain is mostly flat though there are some undulating sections.

Day 1 Arrive in Seoul

We meet at our tour hotel in Seoul at 13:00 hrs. (01:00 PM) and waste no time diving into Korea's enigmatic history. Using Seoul's excellent public transportation system, we'll head to the city's historic core and visit Gyeongbokgung Palace. This massive walled complex houses

beautifully adorned royal halls, traditional architecture, and serene courtyards, harking back to the early days of the Joseon dynasty who ruled the Korean Peninsula for a whopping five centuries! We'll also stroll through the nearby neighborhood of Insa-Dong which – crammed with boutiques, craft shops, cafes, and eateries – showcases that seamless blend of old and new so characteristic of Seoul. In the evening we'll enjoy a welcome dinner - our first of many Korean feasts on this tour!

Day 2 Seoul – Namyangju

Our first day of riding involves a striking visual shift from mega city to countryside. Starting from the heart of metropolitan Seoul we ride on designated bike lanes, avoiding congestion while still feeling the high-octane energy of the capital city all around us. For the first 8 km we follow the path of the Cheonggyecheon Stream, a greenified urban waterway which cuts right through the city. We will then loop onto the Han River Bike Path, riding around 40 km along waterfront roads, parks, and promenades. Along the way we'll see many local cycling enthusiasts enjoying rides of their own - Seoul is truly one of the most cycling friendly cities in the world! The further we press forward, however, the crowds thin out and Seoul's skyline and urban sprawl begins to fade in the distance. Approaching the confluence of the Han and Bukhan River, it will be as if we have been transported to a different world. The final 20 km of the ride are north along a bike path following the course of the Bukhan River, surrounded by lush countryside and rolling hills. We spend the night near the city of Namyangju in Gyeonggi Province.

Day 3 Namyangju – Chuncheon

We continue our journey along the banks of the Bukhan River, riding north to the city of Chuncheon. While, for the most part, the riding is relatively flat with no big climbs, we are pretty much surrounded by a topography of rolling hills at all times – 70% of South Korea is covered by hills and mountain ranges after all! The initial 10 km of the ride are along the river before cutting through a cultivated valley floor, cycling past a mix of open fields, farmlands, and communities buzzing with life. At 30 km we rejoin the Bukhan River and we'll be skirting along its course all the way to Chuncheon. Along the way we'll be crossing multiple bridges and enjoy long stretches of quiet, backcountry riding along forested hillsides. Tonight we stay in Chuncheon which, besides being well known for "dakgalbi" (Korean style chicken and vegetable stir-fry), is perhaps most famous for being the setting for the enormously popular K-drama series, Winter Sonata.

Day 4 Chuncheon – Yeosu

We take a short transfer in the support van to get us back to the vicinity of Namyangju. Here we saddle up and follow the Bukhsan River south to a convergence with the Namhan River, another of South Korea's major waterways. We follow its course southwards to the city of Yeosu. This is another fantastic day of cycling along a dedicated cycling path hugging the river, offering an endless photoreal of scenes of life in central Korea. At times rural and at times more urban, the visuals are ever changing, though always accompanied by the river and rolling hills! We end the ride in the city of Yeosu, renowned for its centuries-old heritage of ceramic craftsmanship, particularly its exquisite Korean porcelain, which has earned it the title of "City of Porcelain."

Day 5 Yeosu – Sangju

We begin our day with a short ride to Silleuksa Temple. Here we get a taste of ancient Korea as we explore this splendid Buddhist temple complex situated by the river and dating back to the 6th-century AD. We'll learn about the early days of Buddhism in Korea and appreciate the well-preserved architecture, such as the main hall adorned with exquisite ceramic roof tiles, each intricately designed with floral motifs. Back on our bikes, we continue south along the Namhan River bike path, cutting through serene rural landscapes covered with rice paddies and villages. Our cycling end point is Chungju where we'll hop in the support van and transfer to the small city of Sangju where we spend the night.

Day 6 Sangju – Andong

On our last riding day we switch rivers one final time as we cycle east from Sangju along the Nakdong River. This is a particularly scenic rural area, with the river – and our cycling route – braiding its way through rice paddies, vegetable farms, quaint villages, and dense woodlands. While we stick to the valley floor, panoramas of the lush hillscape surrounding us are ever present. We end the ride near Andong Hahoe Village and then hop in the van to get to our hotel in nearby Andong city. Hahoe Village deserves a couple of hours on its own so we will return again the following day to give it our full attention!

Day 7 Andong Hahoe Village

The morning is set aside for an off-saddle exploration of Andong Hahoe Village, a treasure trove of Korean history and traditions dating back 600 years. Designated as a UNESCO World Heritage Site, the village displays the pre-modern, clan-based lifeways of rural Korea at the time of the Joseon Dynasty. We will wander the winding streets and peek into the well-preserved tile-roofed houses known as hanok. The village is also renowned for its expressive and colorful wooden masks which are used in performances of Korean folklore. After our ground-level exploration of the village, we'll hike up to the nearby Buyongdae Cliff, affording us a bird's-eye view of the picturesque Nakdong River and the sprawling countryside that stretches beyond. Spend the rest of the day at leisure - lunch and dinner are on your own today.

Day 8 Andong – Seoul

This morning, there is an option to visit a nearby Korean hot spring sauna (known as jjimjilbang) and soothe your muscles before we head back to Seoul. The transfer time is around 3 hours and after checking into the hotel you can take care of any last minute shopping and have lunch (on your own today). In the evening we'll reconvene for a farewell dinner. A shot or two of soju may be in order to celebrate our cycling achievements!

Day 9 Departure from Seoul

After breakfast, depart for your onward journey. For those looking to extend their stay in South Korea, we suggest flying to Jeju Island to discover its volcanic landscapes or taking the train to Busan to explore the country's second biggest city, located on the East Sea coast.

Disclaimer: The adventure cycling tours we operate often go beyond the beaten track, and the countries where we ride are not always predictable. Due to these reasons, it is occasionally necessary to reroute or update itineraries. Our guarantee is that we will not change a trip unless for safety or to improve it. Our listed hotels are always accurate at the time of writing, but should we have to change any hotel, it will always be for a similar or better one.

NUTS & BOLTS

Bikes

Because some people can't imagine going on a trip without their own beloved bicycle, we do not provide them as part of this tour. However, you can hire bikes locally for the price listed in the tour pricing section.

If you bring your own bike, please make sure it is in good mechanical order.

Bike Repairs

Basic spares and tools are carried by the guide and on the support vehicle, though we cannot guarantee having spares for every conceivable problem. Carrying a basic tool kit, a spare tube and a pump while riding is recommended.

Safety

Wearing a helmet is required on all our biking adventures and is non negotiable. If you do not wear a helmet you will not be allowed to cycle. Your tour leader is trained in first aid and emergency rescue, but to a large degree you must be responsible for your own safety while riding. It is therefore compulsory that you take out travel insurance that will cover you for a mountain biking tour.

Guides

You will be led by a local English-speaking guide and if the group is 9 people or more we will add another guide to the tour. All our guides are well informed in the history, culture and religions of the area where you are biking and are skilled at passing that knowledge on to you. Your guide is also medically trained and an experienced cyclist, able to handle most minor repairs en route.

THE NITTY GRITTY

Passports and Visas

Passport holders up to 101 countries do not require a visa to visit South Korea from 30 – 90 days. A complete list of visa-exempt countries is [here](#). However, while you may not require a visa, you may need to apply for a **K-ETA (Korea Electronic Travel Authorization)**. See [here](#) for a list of countries requiring a K-ETA and follow the required steps to make your submission and payment.

Important Update on K-ETA (Korea Electronic Travel Authorization): Currently, there is a [temporary exemption](#) for many countries which is valid until Dec 31, 2025. To check if the passport you hold is part of this list, please follow the application process from [here](#) and after you upload a copy of your passport page, the system will let you know if you are exempt. If you are on the exempt list then there is no need to apply, but you still need to make sure you hold a passport with at least 6 months of validity remaining and have a booked departure ticket out of South Korea. If your passport is not on the exempt list then make sure to get your K-ETA approved before departure via [this website](#).

For more information on the Korean entry process, please see [this website](#)

Health

No vaccinations are needed.

Weather

South Korea offers two distinct cycling seasons: spring (April-May) and autumn (September-October). Both seasons have mild temperatures [average highs around 18-25°C (64-77°F), lows around 10-15°C (50-59°F)], lower rainfall, and colourful scenery. The month of April is renowned for the annual cherry blossom, when the landscape explodes in hues of pink. This is similar to the more popular sakura season in neighbouring Japan but with just a fraction of the crowds! The peak for the autumn foliage tends to be in October, so if colourful scenery is what you are after then April or October are your best bets. We do not offer tours in the summer (June - August) due to high heat and chance of storms or the winter (November - March), due to freezing temperatures and ice.

Food

Meals are included as per the itinerary where B = breakfast, L = lunch, D = dinner. Korean cuisine is largely based upon rice, vegetables, and meats. Traditional Korean meals are noted for the number of side dishes. Kimchi (traditional fermented vegetables) is served often, sometimes at every meal. Any special dietary requirements can also be catered for as well. Please let us know at the time of booking.

Drink

Keeping you completely hydrated is a job we take very seriously. Cold water, some energy-restoring local fruit and soft drinks are included in the tour price while riding. Soft drinks and other beverages during meals are not included. Beer is freely available everywhere in Korea, but is NOT included in the price.

Solo Travelers

SpiceRoads does not require you to pay a surcharge for travelling alone. We will arrange for you to share accommodation with another traveller of the same gender and if we can not match you up we will provide a single room at no extra charge. If you prefer not to share a single supplement is payable to guarantee your own room. The cost of the single supplement is listed above.

Extra Expenses

We recommend that you tuck away a few extra dollars, perhaps US\$30 a day for incidentals. Tipping is not customary in Korea. Guides have received and accepted tips on a voluntary basis.

Money

The currency in South Korea is the won (W) ATMs with a 'Global' sign often accept foreign cards. Most Global ATMs have basic instructions in English and mostly have a W700,000 limit. Motels, hotels, shops and restaurants in cities and tourist areas accept foreign credit cards, but there are still plenty of restaurants and small businesses that don't. Be prepared to carry around some cash, especially when we are touring outside the main cities.
