TRIP PROFILE

We ride a total of 208 km over 5 cycling days, following a loop around São Miguel. The riding takes place entirely on paved roads and combines rolling terrain with several sustained climbs, particularly along the island's eastern and northern coasts. Daily distances range from shorter introductory rides to a longer, more demanding stage, with the majority of elevation gain concentrated on one day.

The route links volcanic interiors, coastal viewpoints, forested valleys, and rural villages. Climbs are generally steady rather than abrupt, and descents open broad views across the Atlantic. The structure of the route allows the journey to unfold continuously around the island without vehicle transfers between riding stages. Your guide's expert knowledge of the area and terrain ensures you always know what is coming up in terms of distance and difficulty. This makes a tremendous difference, as does the constant supply of water and refreshments along the way.

Suitability: This tour is best suited to riders who want to explore São Miguel by bike and are happy to spend several hours in the saddle across consecutive days. Daily distances range from approximately 23 to 60 km, with elevation gain varying from moderate to significant. One riding day includes up to around 1,300 m of climbing, while the remaining days feature shorter distances and more moderate elevation gain. We ride e-bikes throughout, which makes the volcanic terrain accessible without asking for the fitness of a trained road cyclist. Riders should still be confident managing longer climbs and extended descents, with the pedal assist taking the edge off the gradient rather than removing the effort entirely. This tour is designed for curious travellers who want a physically engaging way to discover the Azores, not a flat or relaxed touring itinerary.

Biking Conditions: The cycling takes place on 100% paved roads throughout São Miguel. Routes follow a mix of quiet countryside roads, coastal roads, and rural connectors linking villages and viewpoints. Road surfaces are generally in good condition, though some sections may be narrower or more worn, particularly in rural and coastal areas. Traffic levels are typically light to moderate, but riders should expect to share the road with other vehicles, including cars, motorbikes, and local buses, especially when passing through towns and along coastal stretches. The terrain is predominantly hilly, with steady climbs and descents rather than technical riding. We generally ride rain or shine, but based on the guide's discretion and your level of comfort, modifications to the planned route can be made. It's all part of the adventure.

Accommodations: We have carefully selected a range of high-quality hotels that reflect the character of São Miguel and offer a welcoming place to relax after each day's ride. We choose accommodation for its location, comfort, and suitability for a road cycling tour, with convenient access to both the cycling routes and time off the bike. Stays include Ponta Delgada, São Miguel's capital, as well as smaller towns such as Povoação, Nordeste, and Ribeira Grande, allowing you to experience different sides of the island, from coastal settings to greener, more rural areas.

Day 1: Meet in Ponta Delgada & Ride to Povoação

We recommend arriving in Ponta Delgada the day before the tour begins to ensure a smooth start. On the first morning, we meet for a bike fitting before setting out on our opening ride across São Miguel. Leaving the island's capital, we head east into greener, more volcanic terrain, stopping for a picnic lunch along the way. The road rises gradually toward Furnas, where crater landscapes and thermal activity shape the valley. We pass through Furnas, a first look at the volcanic valley we return to tomorrow, then descend toward Povoação, one of the island's oldest settlements, where the Atlantic comes back into view. In the evening, we gather for a welcome dinner and an introduction to the week ahead. Please let us know if you need assistance with pre-tour hotel bookings.

Hotel do Mar Povoação Lunch, Dinner

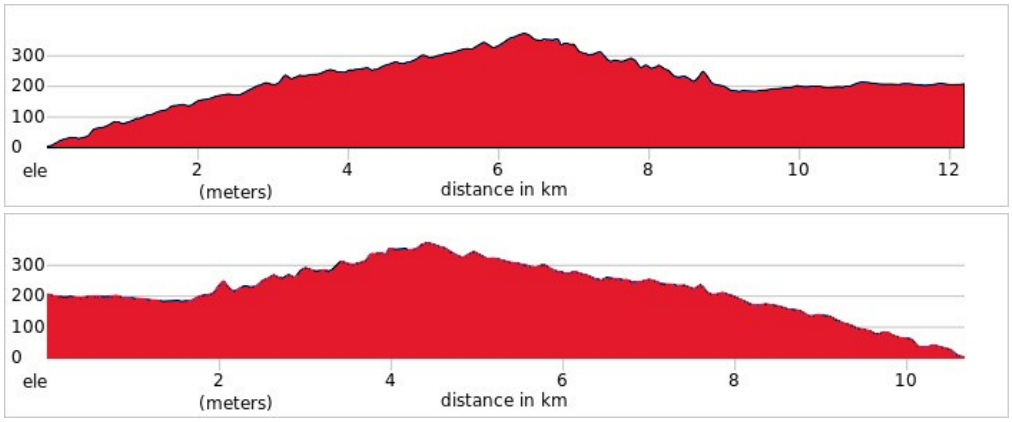

Ride 60km +1224m -1225m

Day 2: Furnas and Thermal Springs

We ride from Povoação in the morning, climbing gradually back toward Furnas and the island's geothermal interior. The road winds inland through green hills before reaching the Furnas valley. Furnas is best known for its thermal baths, widely considered one of São Miguel's defining experiences. On arrival, the focus shifts to time at the springs. You have several hours to visit at your own pace and enjoy lunch independently, either at the baths or in the village. In the afternoon, we meet for a guided hike through the surrounding landscape, exploring the geothermal terrain and dense vegetation that shape the area. Later, we ride back to Povoação, descending toward the coast to complete the day. Dinner is on your own this evening.

Hotel do Mar Povoação Breakfast

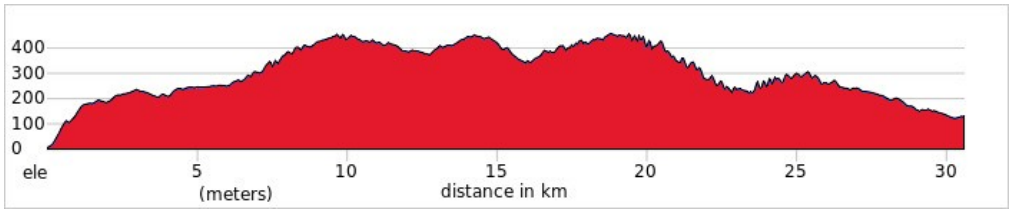

Ride 23km +598m -597m

Day 3: Povoação - Nordeste

We roll out of Povoação with the Atlantic still beside us, but the road soon begins a steady climb inland. The ascent allows you to settle into a rhythm as fields, stone walls, and small villages mark the way. Early along the route, we stop at the Museu do Trigo for a brief look into the island's agricultural past. Back on the bike, the road continues through the shaded Alameda dos Plátanos, where tall plane trees form a natural corridor before the terrain opens again. As we gain height, the coastline appears from above. The road follows long, flowing curves, linking a series of viewpoints overlooking the Atlantic. A picnic lunch is taken en route before the final

section of riding. The climbing gradually eases as we approach Nordeste, known for its gardens and lush surroundings. Dinner is served at the hotel this evening after a day of steady elevation and expansive coastal views.

The Lince Nordeste Breakfast, Lunch, Dinner

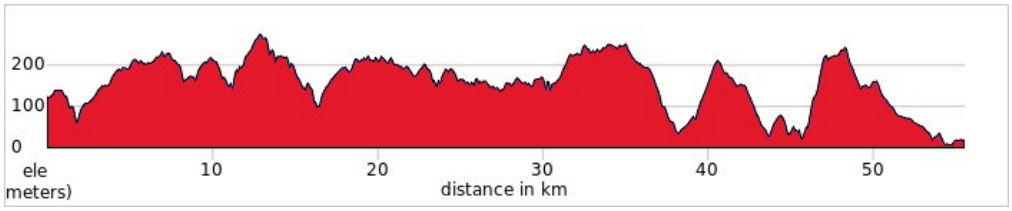

Ride 31km +805m -687m

Day 4: Nordeste - Ribeira Grande

We leave Nordeste and begin climbing almost immediately. The road tracks west along São Miguel's north coast, rising and falling through a series of sustained ascents that build elevation across the day. As the route drops from higher ground, we pass the Cascata da Ribeira dos Caldeirões, where waterfalls cut through dense forest before the climbing resumes. Later, we reach the Gorreana Tea Plantation, Europe's oldest operating tea estate. We visit the plantation and have lunch at your leisure on site before continuing toward Ribeira Grande. In the final kilometres, the terrain eases and the road drops toward the sea. A long descent carries us into Ribeira Grande, where we gather for dinner at the hotel after the tour's most demanding stage.

Hotel Verde Mar & Spa Breakfast, Lunch, Dinner

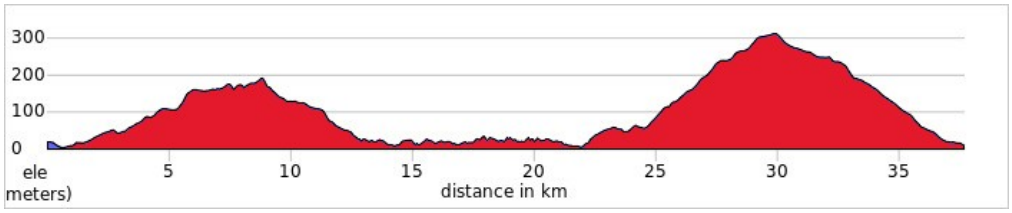

Ride 56km +1256m -1361m

Day 5: Ribeira Grande - Ponta Delgada

We leave Ribeira Grande and ride west along São Miguel's north coast. The road rises and falls steadily above the Atlantic before reaching Rabo de Peixe, one of the island's traditional fishing communities, where daily life still centres around the harbour. Continuing west, we pass through Calhetas and Fenais da Luz, linking stretches of open coastline with farmland shaped by volcanic soil. The terrain remains rolling, with the sea rarely far from view. Later, we turn inland and begin the day's main climb through quieter backroads and agricultural landscapes. The elevation builds gradually before reaching the high point of the stage. We take a picnic lunch along the way before beginning the final descent. From higher ground, the road drops toward Ponta Delgada, bringing us back to the island's capital and completing the final ride of the tour. In the evening, we gather for a farewell dinner to celebrate the week together.

Vila Galé Collection São Miguel Breakfast, Lunch, Dinner

Ride 38km +615m -623m

Day 6: Ponta Delgada Departure

After breakfast, the tour concludes in Ponta Delgada. If your schedule allows, you may wish to extend your stay on São Miguel. Ponta Delgada's historic centre and harbourfront offer an easy setting for a relaxed final morning, and whale- and dolphin-watching excursions are available locally for those wanting more time on the Atlantic. If you are departing today, make your way to Ponta Delgada Airport for your onward flight. We can assist with additional hotel nights or local arrangements upon request.

Breakfast

Disclaimer: The adventure cycling tours we operate often go beyond the beaten track, and the countries where we ride are not always predictable. Due to these reasons, it is occasionally necessary to reroute or update itineraries. Our guarantee is that we will not change a trip unless for safety or to improve it. Our listed hotels are always accurate at the time of writing, but should we have to change any hotel, it will always be for a similar or better one.

NUTS & BOLTS

Bikes

We include high-quality **e-bikes** on this tour so you can enjoy the Azores' scenery with a comfortable level of support. We provide modern hardtail e-mountain bikes such as *Ghost Teru* models with Bosch motors or similar, offering smooth electric assistance and reliable components. If you prefer to bring your own bike, an e-mountain bike is ideal, but a regular mountain bike or a road bike with appropriate gearing will also get the job done for riders who are used to varied terrain. Whichever bike you choose, please ensure it is in excellent mechanical order before arrival.

Bike Repairs

Basic spares and tools are carried by the guide and on the support vehicle, though we cannot guarantee having spares for every conceivable problem. Carrying a basic tool kit, a spare tube and a pump while riding is recommended.

Safety

Wearing a helmet is required on all our biking adventures and is non negotiable. If you do not wear a helmet you will not be allowed to cycle. Your tour leader is trained in first aid and emergency rescue, but to a large degree you must be responsible for your own safety while riding. It is therefore compulsory that you take out travel insurance that will cover you for a mountain biking tour.

Guides

You will be led by a local English-speaking guide and if the group is 9 people or more we will add another guide to the tour. All our guides are well informed in the history, culture and religions of the area where you are biking and are skilled at passing that knowledge on to you. Your guide is also medically trained and an experienced cyclist, able to handle most minor repairs en route.

THE NITTY GRITTY

Passports and Visas

The Azores is an autonomous region of Portugal and part of the Schengen Area. Citizens of the **UK, US, Canada, Australia, and New Zealand** do not require a visa for short stays of up to **90 days within any 180-day period**.

All visa-exempt travellers (including those from the US, UK, and Canada) are required to have a valid **ETIAS** (European Travel Information and Authorisation System) approval prior to arrival. This is a straightforward online registration linked to your passport and is valid for three years.

For citizens of the EU, Switzerland, and Norway, entry is permitted with a valid National ID card or passport. If you are from a country that requires a Schengen Visa, you must apply through a Portuguese consulate or embassy in your home country. Please ensure your passport has at least three months of validity remaining beyond your intended departure date.

Health & Insurance

No specific vaccinations are mandatory for entry, though being up-to-date on standard boosters (Tetanus, Hep A/B) is always recommended.

Due to the remote nature of the islands and the potential for weather-related travel shifts, it is essential to hold a comprehensive travel insurance policy that includes medical evacuation. If you are an EU citizen, you should carry a valid European Health Insurance Card (EHIC) or a Global Health Insurance Card (GHIC).

Weather

The Azores is famous for experiencing "four seasons in a day." The climate is maritime subtropical—mild, humid, and highly changeable.

- **The Best Window: May to September** offers the most stable conditions for cycling, with temperatures averaging between **18°C and 25°C**.
- **The Elements:** Even in summer, mist and quick Atlantic rain showers are common. Humidity is high year-round, which makes the lush scenery possible but can make climbs feel warmer than the thermometer suggests.
- **Gear:** A high-quality, breathable rain shell and layers are essential, as conditions shift significantly between the coast and the high calderas.

Food

Azorean cuisine is hearty and land-driven. While fresh Atlantic seafood like **Lapas** (limpets) and octopus are staples, the islands are equally famous for their grass-fed beef. **Cozido das Furnas**, a rich stew cooked in the volcanic soil of São Miguel, is a signature experience. You will also find a variety of local cheeses, most notably the semi-hard, spicy **Queijo de São Jorge**. Most meals are included in your tour; please alert us to any dietary requirements at the time of booking.

Drink

Hydration is a priority in the humid Atlantic air. We provide water and local snacks during all rides. Soft drinks and alcohol during meals are not included in the tour price. The islands produce exceptional wines, particularly from **Pico Island**, where vines are grown in UNESCO-protected black basalt "currais" (stone pens). You should also sample the local tea from the Gorreana estate—Europe's only tea plantation.

Solo Travellers

SpiceRoads does not charge a mandatory single supplement. We will arrange for you to share a room with another traveller of the same gender. If no match is available, you will receive a single room at no additional cost. If you prefer to guarantee your own private room, a single supplement is available at the rate listed in the tour pricing.

Extra Expenses

The Azores is relatively affordable compared to mainland Europe, but we recommend budgeting for personal extras such as "off-itinerary" meals, local handicrafts (wickerwork or ceramics), and tips for your local support team. While digital payments are widely accepted, carrying some cash is helpful for small cafes in remote villages.

Money

The currency of The Azores is the **Euro (€)**.

- **ATMs:** Known locally as **Multibanco**, ATMs are widely available in towns and at airports, accepting most international debit and credit cards.
- **Cards:** Visa and Mastercard are accepted in most hotels and restaurants. However, smaller guesthouses and local bars on the less-populated islands may require cash.
