TRIP PROFILE

The cycling in San-in is moderately challenging with some gradual climbing on most days. We ride 453 km over 9 cycling days. There are no rest days but down-time is to be expected in the afternoons and evenings. In addition to cycling, at Mount Mitoku (Day 2) and the Kuniga Coast (Day 5) we will be hiking for 1-2 hours, with some steep sections involved. At the beginning and end of the tour we'll be taking short rides on local trains to avoid busy city streets, and to get to and from the Oki Islands we'll be boarding passenger ferries on the Sea of Japan (3 ferry rides in total).

Your guide's expert knowledge of the area and terrain means that you always know what is coming up in terms of distance and difficulty. This makes a tremendous difference, as does the constant supply of water and refreshments along the way. We all ride at different speeds, and this varies depending upon how we feel on the day. The guides tend to ride through the group, but stop on the top of passes to regroup. It is not essential that you try and keep up with everyone. Just ride at your own speed and enjoy it. You will be supported!

Suitability: This trip is suitable for anyone with a reasonable level of fitness and prior experience riding an average of 50 km per day in hilly terrain. While riders with less experience are more than welcome, the fitter you are the more you will enjoy this trip.

Biking Conditions: This trip is along tarmac roads in good condition, and there is no technical riding. San-in is one of Japan's least urbanized regions, so traffic tends to be minimal at all times. While on the mainland we will have a support vehicle with us at all times, during the riding on the remote Oki Islands (Days 5 and 6) a support vehicle will not be available.

Day 1 Arrive in Tottori City

The meeting point for our tour is Tottori City, the gateway to the San-in region. We meet at our hotel by 13:00 hrs (01:00 PM) for a bike fitting and an easy 25 km warmup ride to the Tottori Sand Dunes, the largest and most visually striking of their kind in Japan. We will also visit the Sand Museum with its impressive sand sculptures. In the evening we convene for a trip briefing and welcome dinner at a local izakaya restaurant.

Day 2 Tottori City - Mount Mitoku - Misasa Onsen

Our day begins with a 25 minute train journey westward along the San-in line. Disembarking on the outskirts of Tottori City, we saddle-up and begin cycling. Just 2 km into our ride we are greeted by vistas of the majestic Sea of Japan and continue along a coastal route unveiling sandy beaches and quaint fishing villages nestled between scenic headlands. After 15 km, our path veers inland where the landscape transforms into a tapestry of farmlands and forested hills. Soon, we reach Lako Togo and follow a gorgeous 10km loop around its peaceful shores. We continue onwards through the lush countryside which now becomes decidedly more mountainous and we've got some climbing to do! Our destination is Mount Mitoku, home to the fabled Buddhist temple of Nageiredo. Embarking on a steep yet picturesque hike, we marvel at the temple's precarious perch upon the mountain's cliffs. After taking in this awe inspiring sight we will free-wheel down to Misasa Onsen, our home for the night. In the evening we can relax in the healing waters of the various hot springs in town.

Day 3 Misasa Onsen - Kaike Onsen

We head back to the coast by following the course of the Tenjin River for 20 km. Then we veer west, alternating between coast-hugging roads and rural stretches through pear farms and rice fields. Eventually we will begin to catch glimpses of the towering Mount Daisen, a dormant volcano once referred to as the "Mountain of the Great God" and bearing resemblance to the more well-known Mount Fuji. We cycle along the undulating roads on the lower and middle slopes of the volcano, stopping regularly to appreciate the natural beauty of the area and take pictures. Tackling the slopes will involve some gradual as well as steep uphill bursts, though these are always rewarded with refreshing descents downhill. We spend the night in the seaside town of Kaike, known for its onsens and seafood! Make sure to catch the sunset at the sandy Kaike Onsen Beach.

Day 4 Kaike Onsen - Nishinoshima

This morning we depart Kaike along a very pleasant and newly built coastal cycle path to Sakaiminato City. The city and its surrounding areas, sandwiched between the Sea of Japan to the east and the Nakaumi Inland Sea to the west, makes for a great cycling route. First we will cross the famous Eshima Bridge to the islands of Eshima and then Daikonshima where we will make a stop off at the Yuushien Gardens. These beautifully landscaped Japanese gardens are perfect for a refreshing stroll before looping back to the coast via a scenic road that seemingly

floats on the Nakaumi Inland Sea and then continues to hug the edge of the Sakaiminato Strait. The ride concludes with a high-arched bridge crossing to the harbor where we'll load our bikes and embark on a relaxing 2 hour 50 minute ferry journey to the volcanic island of Nishinoshima. Upon arrival on the island, we will be transferred to our ryokan to enjoy a delicious seafood dinner. We are now in a truly remote, offshore, part of Japan!!

Day 5 Nishinoshima - Dogo Island

We begin with a quick transfer back to the port where our bikes will be waiting. We cut across the island on flat, paved roads for 10 km until we reach the spectacular Kuniga Coast, characterized by rugged cliffs, turquoise waters, and unique rock formations. We will walk along a coast-hugging trail to the top of the Matengai Cliffs; towering walls of volcanic rock reaching 257 meters which offer breathtaking views of the sea and coastline. We then cycle the 10 km back to the port and get comfortable on an inter-island ferry which will shuttle us over to our next island, Dogo-jima (2 hours on the boat). Upon arrival we'll saddle up and ride along a winding road that cuts through the heart of the island. After 19 km we arrive at our hotel where we may enjoy the serenity of this quiet, remote island as we unwind from a great day of cycling.

Day 6 Dogo Island - Sakaiminato

Considered by those in the know as one of Japan's best cycling routes, today we traverse the north and east coast of Dogo Island as we head to the port to return to the mainland. The first highlight is after 15 km when we arrive at the Shirashima Coast Lookout. Reaching there will require some climbing but it's well worth the effort once the dramatic scene of wave-battered bluffs set against the wide, open ocean comes into view. From here we descend down the east coast on quiet country roads, passing through dense forests, fishing ports, farmlands, and tunnels that burrow beneath the coastal hills. After 44 km we arrive back at Saigo Port where we'll have lunch and board a ferry to take us back to the mainland (2 hours 25 minutes). Take in the views from the deck as we say goodbye to the islands. Upon arrival in Sakaiminato City we will be transferred to our hotel and we'll reconvene for dinner in the evening.

Day 7 Sakaiminato - Matsue

We begin with a 12 km ride over to the northern tip of the peninsula where we reach Miho Shrine. One of Japan's most scenic shinto shrines, Miho is nestled on the slopes of Mount Atago and harbors intricate wooden architecture, including a gorgeous torii gate. We continue for another 3 km to the Mihonoseki Lighthouse where we can climb to the top to enjoy breathtaking vistas of the surrounding sea, lagoon and cliffs. We then backtrack a little bit before cutting 5 km across the hilly peninsula to its northern seashore. Here we'll cycle along the nature-rich coastline, climbing up and down for 35 km between a scenic string of headlands jutting out into the Sea of Japan, separated by bays sheltering fishing villages. The final 10 km of the route takes us through rural areas leading into the historic city of Matsue on the shores of Lake Shinji. We'll saddle-off and walk over to the "Black Castle", one of only 12 original feudal-era castles left standing in Japan! Perched atop a hill and surrounded by a moat and thick walls, visiting Matsue castle makes for a great finale to the day.

Day 8 Matsue Rural Loop

With our hotel in Matsue as our base, we've got a fun loop today that covers a large swathe of the forest-covered rolling hills and flat farmlands of the surrounding countryside. For the first 15 km we've got some gradual climbing to do but after that it is all downhill and flat. The highlight of today's ride is a visit to the Adachi Museum of Art in the lovely village of Hirose. The Adachi Museum is renowned for its integration of Japanese art within meticulously maintained gardens that feature lush greenery, carefully arranged rocks and serene ponds. Truly zen! We'll spend some time here before circling back to Matsue via roads flanked by extensive farmlands. Back in Matsue the rest of the day is yours to explore more of the city or simply relax.

Day 9 Matsue - Izumo

Time for the home stretch as we cycle east from Matsue to the coastal city of Izumo. After departing Matsue, we ride for 25 km through a tightly packed sequence of small valleys north of Lake Shinki. Expect some sharp bursts up and down complemented by blissful rural surroundings. As we curve around the lake, the roads flatten and we skirt along the banks of two rivers - first the Hii and then the Kando - for 30 km before we are greeted, for the last time on our tour, by the turquoise waters of the Sea of Japan. The remaining few km take us north along the coast to the endpoint of the day's ride: Izumo Taisha. This is one of Japan's oldest and most important Shinto Shrines and certainly one of the most impressive due to its grand architecture! We'll spend some time exploring the beautiful grounds of the shrine and then hop on a local train for a 30 minute journey to our hotel near Izumo Train Station. We'll enjoy a final dinner together as we celebrate the completion of our San-in cycling exploration.

Breakfast

Disclaimer: The adventure cycling tours we operate often go beyond the beaten track, and the countries where we ride are not always predictable. Due to these reasons, it is occasionally necessary to reroute or update itineraries. Our guarantee is that we will not change a trip unless for safety or to improve it. Our listed hotels are always accurate at the time of writing, but should we have to change any hotel, it will always be for a similar or better one.

NUTS & BOLTS

Bikes

Because some people can't imagine going on a trip without their own beloved bicycle, we do not provide them as part of this tour. However, you can hire bikes locally for the price listed in the tour pricing section. If you bring your own bike, please make sure it is in good mechanical order.

We also have E-Bikes available for hire, but they are limited in number & size - please send an email to us to check on availability.

Bike Repairs

Basic spares and tools are carried by the guide and on the support vehicle, though we cannot guarantee having spares for every conceivable problem. Carrying a basic tool kit, a spare tube and a pump while riding is recommended.

Safety

Wearing a helmet is required on all our biking adventures and is non negotiable. If you do not wear a helmet you will not be allowed to cycle. Your tour leader is trained in first aid and emergency rescue, but to a large degree you must be responsible for your own safety while riding. It is therefore compulsory that you take out travel insurance that will cover you for a mountain biking tour.

Guides

You will be led by a local English-speaking guide and if the group is 9 people or more we will add another guide to the tour. All our guides are well informed in the history, culture and religions of the area where you are biking and are skilled at passing that knowledge on to you. Your guide is also medically trained and an experienced cyclist, able to handle most minor repairs en route.

THE NITTY GRITTY

Passports and Visas

All nationalities require a valid passport that must be valid for six months beyond the intended length of stay. Up to 62 countries have reciprocal visa exemption arrangements allowing nationals from those countries to enter Japan without a visa. Depending on the country, you are allowed to stay in Japan for a certain period of time, which can range from 90 days to six months. For more information, please visit [here](#).

Health

There are no inoculations required for entering Japan though there are general recommendations which you can review [here](#). Please speak to your doctor/physician for the most recent information.

Weather

Japan has a diverse climate. There are four seasons: from April to June is spring. The rainy season is from middle of June to the middle of July. July through end of September can be hot and humid temperatures in the big cities can go as high as 35 degrees Celsius.

Food

Meals are included as per the itinerary where B = breakfast, L = lunch, Most meals will be Japanese seafood; a typical breakfast would include rice, a piece of grilled fish, miso soup. We always carry some granola and Muesli with us for those in need. Dinners will include lots of different seafood - some cooked, some raw. Any special dietary requirements can also be catered for as well. Please let us know at the time of booking.

Drink

Keeping you completely hydrated is a job we take very seriously. Cold water, some energy-restoring local fruit and soft drinks are included in the tour price while riding. Soft drinks and other beverages during meals are not included. Beer is freely available everywhere in Japan, but is NOT included in the price.

Solo Travelers

SpiceRoads does not require you to pay a surcharge for travelling alone. We will arrange for you to share accommodation with another traveller of the same gender and if we can not match you up we will provide a single room at no extra charge. If you prefer not to share a single supplement is payable to guarantee your own room. The cost of the single supplement is listed above.

Extra Expenses

We recommend that you tuck away a few extra dollars, perhaps US\$30 a day for incidentals. Tipping is not customary in Japan, although our guides have received and accepted tips on a voluntary basis.

Money

The currency in Japan is the yen (¥) and is pronounced as 'en', with no 'y' sound. Though ATMs are everywhere in Japan, it is not always easy to use them as most only work with Japan-issued bank cards and credit cards. The exception is Japan's post office ATMs which accept cards that belong to the following international networks: Visa, Plus, MasterCard, Maestro, Cirrus American

Express and Diners Club cards. In addition to postal ATMs, you will find a few international ATMs in big cities and at the major airports. International cards also work in Citibank Japan ATMs.
