TRIP PROFILE

You will cycle a total of 733 km on paved roads in 10 cycling days. We ride through endless stretches of arid deserts, skirt the shores of the Dead Sea, and pass canyons, erosion craters, and towering massifs. There is plenty of climbing to keep our legs busy, especially Israel's Scorpion Ascend in the Negev, though equally as prominent are swift and thrilling downhill sections. The riding is complemented with plenty of off-saddle exploration, including no less than 3 UNESCO World Heritage Sites (Masada Fortress, Petra, and Wadi Rum)!

Your guide's expert knowledge of the area and terrain means that you always know what is coming up in terms of distance and difficulty. This makes a tremendous difference, as does the constant supply of water and refreshments along the way.

Suitability: This tour can be enjoyed by anyone comfortable on a road bike and in reasonably good physical condition. Daily distances are manageable, averaging 73 km - some days more when the terrain is flat/undulating and some days less when there is more climbing or off-saddle experiences to complement the cycling. Downhill sections are thrilling though having good handling skills is an asset to navigate twists and turns. The fitter you are the more you will enjoy the trip, though less experienced riders looking for a challenge are more than welcome to join. A support vehicle is following close by at all times to provide refuge for weary riders.

Biking Conditions: The roads are all tarmac and, for the most part, in good condition. In more remote areas, potholes or loose desert debris can affect road surfaces requiring more careful navigation. Some traffic can be expected close to towns and popular destinations, but mostly we will enjoy quiet roads with scenic views over the rugged landscapes of Israel and Jordan.

Day 1: Jerusalem Arrival

Welcome to Jerusalem, the 'Holy City', where the intertwined histories of Judaism, Christianity, and Islam converge to create a storied, spiritually charged, and diverse urban landscape. We meet at our tour hotel in the afternoon for a bike fitting, trip briefing and welcome dinner. Airport transfers are not included but can be arranged at additional cost.

Day 2: Jerusalem - Ein Bokek

We transfer out of Jerusalem by vehicle to avoid the busy traffic. We begin riding from the Good Samaritan Museum, an Ottoman era traveler's Inn converted into a historical learning center. Almost immediately we start whizzing downhill, flanked on either side by the barren, rocky outcrops that sprawl across the Judean Desert. Within the first 20 km of the ride we are cycling to depths of 400 meters below sea level as we reach the northern shore of the Dead Sea. This is the lowest point on the earth's land surface - let that sink in (quite literally!) as we continue riding along the Dead Sea's scenic western shoreline, with sweeping views over the calm waters. Our ride ends in the coastal resort town of Ein Bokek where we highly recommend you go out for a serene float in the Dead Sea's buoyant waters and indulge in a mud spa.

Day 3: Ein Bokek - Masada - Hatzeva

We begin the day with an off-saddle exploration of Masada Fortress, a UNESCO World Heritage Site and one of Israel's top attractions. This ancient fortification, perched atop a cliff overlooking the Dead Sea, has a setting as dramatic as the events that took place here when the Romans laid siege to Masada in the first century. We reach the top via cable car and, after coming back down again, begin today's ride. The first 45 km lead us to the southern edge of the Dead Sea from where we veer into the Arava Desert, surrounded by an endless expanse of sun-scorched terrain, punctuated by the occasional resilient desert flora. As we are now ascending from the lowest point on the earth's land surface, we have got some climbing to do! We end the ride in Hatzeva, a cooperative agricultural community showcasing how Israelis have tamed the unforgiving desert to grow food. In the afternoon we can go for a leisurely walk along the "Peace Trail", a nature trail along the Israeli-Jordanian border.

Day 4: Hatzeva - Yeruham

Get ready for a day of sustained climbing as we conquer the Scorpion's Ascent, which connects the Arava valley with the highlands of the Central Negev desert. This precipitous series of hairpin bends has been in use for millenia, from spice route trade caravans to Roman legionnaires and British colonial expeditions. Nowadays the road is paved, which is good news for us cyclists looking for a challenge! The twisting climbs won't be easy but well worth the effort with stunning views over the silent, desert landscape. Once we've reached the top, we'll cycle through desert highlands towards Makhtesh Gadol, a massive, circular erosion crater with steep, rugged walls. Our ride ends nearby in the sleepy town of Yeruham where we spend the night.

 Desert Iris Hotel  Breakfast, Lunch, Dinner

 Ride 63km  +1243m  -611m

Day 5: Yeruham - Mitzpe Ramon

Today's ride takes us through the vast expanse of the Negev Desert with plenty of climbing to keep our legs busy. Ensnared in the stark beauty of the Negev we cycle south, along the way passing by Sde Boker, a kibbutz (a settlers cooperative) best known as the retirement home of Israel's first Prime Minister David Ben Gurion. We then skirt along the rim of the Makhtesh Ramon, the world's largest erosion crater and a truly spectacular sight to behold. Overlooking the crater is the town of Mitzpe Ramon where we end our ride and spend the night. Take a wander through the town's Spice Route Quarter, a Bohemian hive of galleries, boutiques, bakeries and eateries. With plenty of restaurants to choose from, dinner is on your own tonight.

 Ride 61 km  +862m  -518m

Day 6: Mitzpe Ramon - Kibbutz Ketura

Today has us descending back down from the highlands of the Negev into the Arava Valley. We begin by cycling along more of Makhtesh Ramon's rim, getting a fuller view of the crater's diverse rock forms with their fantastic red and yellow hues. The remainder of the ride is a steady traverse across the arid wilderness, ultimately leading to the green oasis of Kibbutz Ketura. Nestled in the heart of the Arava Valley, this kibbutz is a thriving collective community known for its commitment to agriculture, sustainability, and environmental research. There is even a microbrewery, and if you are interested you can enjoy a beer tasting with these pioneering desert brewers (at additional cost to be paid on the spot).

 Ride 101 km  +936m  -1666m

Day 7: Kibbutz Ketura - Aqaba

We ride to the southern tip of Israel, a small wedge of land bordered by Egypt to the west and Jordan to the east. After a short vehicle transfer to the starting point, we initially ride through the flat desert for around 25 km, after which the climbs start to pick up as we head into more mountainous terrain. Scenic views over the area's distinctive red-colored canyons abound and we say goodbye to Israel with a thrilling 10 km descent into the border town of Eilat. We'll cross the border and, on the other side, the Jordanian team will welcome us. We ride an easy 10 km into Aqaba, Jordan's only coastal city, located on the northern shores of the Gulf of Aqaba which connects to the Red Sea. We enjoy a Jordanian welcome dinner.

Day 8: Aqaba Free Day

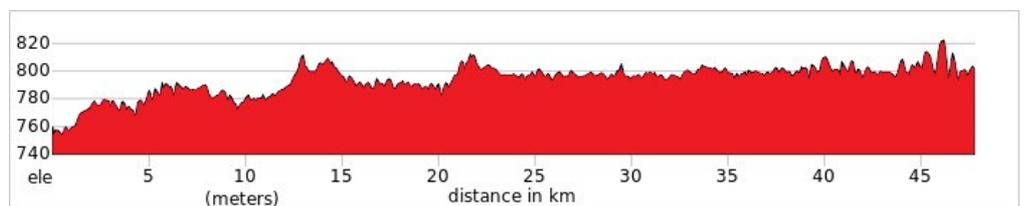

A well deserved free day in Aqaba, Jordan's window to the Red Sea. Explore the downtown markets and head down to the beach to swim, snorkel or even scuba dive to admire the multi-colored coral reefs and sea life under the clear blue waters. Lunch is on your own today.

🏠 Bratus Hotel 🍴 Breakfast, Dinner

Day 9: Aqaba - Wadi Rum

With our legs rested from the previous day, we embark north from Aqaba to discover Wadi Rum, often dubbed the "Valley of the Moon". This surreal landscape of colossal sandstone and granite massifs jutting majestically out of the desert floor provide a truly otherworldly backdrop to today's ride. After a short vehicle transfer from Aqaba we arrive at the northern edge of Wadi Rum, where we saddle up and cycle as far as the paved road takes us before fading into the sand! The going is not too tough, enabling us to fully appreciate the splendor of the red-hued cliffs amidst the vast, golden desert plains. We hop in the vehicle for a short transfer to a unique and comfortable desert camp where we'll spend the night. While the camp is modern, we'll witness the lifestyle of the nomadic Bedouin who have been traversing these lands for millennia. In the afternoon, we trade our bikes for a 4x4 jeep, taking us deep into the UNESCO World Heritage listed valley as we rip across sand dunes and gorges. We return to our camp for a good night's rest under the stars.

Day 10: Wadi Rum - Wadi Araba - Petra

We begin with a one hour transfer to the desert plateau of western Jordan. Though we are at elevations of 1,500 above sea level the riding for the first 60 km is mostly flat with some gentle gradients. We cycle across this vast, barren land, passing through occasional villages and towns where we are sure to get the attention of curious local onlookers! We will be riding on a section of the so-called "King's Highway", a historic route that spanned much of the Middle East, bearing the memories of Nabatean trade caravans, Mecca-bound Muslim pilgrims and crusaders on their quest to conquer the Holy Land. After 60 km we break for lunch and then have a long and fantastic downhill blitz to the valley floor of Wadi Araba. There's some steep curves to navigate so we'll go at a methodical pace, enjoying the breeze and the expansive views. After the ride's end we hop in the vehicle and transfer around 1.5 hours back along the same road we

just came darting down. We arrive at our accommodation near Petra, Jordan's crown jewel, which we explore the following day.

 Little Petra Bedouin Camp  Breakfast, Lunch, Dinner

 Ride 97km  +1331m  -2905m

Day 11: Petra Exploration

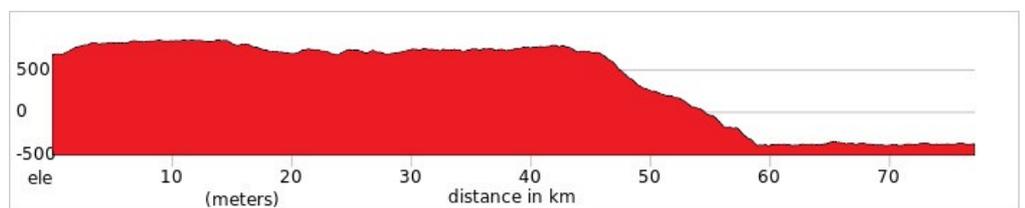

Today is off the bikes as we explore Petra. This ancient city, a UNESCO World Heritage Site, is a marvel of rock-cut architecture built by the Nabataean civilization more than 2,000 years ago. It's unique location, hidden within narrow sandstone canyons, provided natural protection and contributed to its flourishing as a wealthy and culturally diverse city. In the morning, with our guide at the helm, we enter through a narrow gorge flanked by towering cliffs and discover Petra's iconic treasury, tombs, theaters, temples and colonnaded streets. After lunch, you can continue to discover more of the ancient city on your own - options include ascending to the "Monastery" for stunning views across the Jordan Valley, taking the scenic back road to the High Place of Sacrifice, or climbing Jabal Khubtha for a unique perspective on the iconic Treasury below. We end the day with a three hour transfer to Madaba, "The City of Mosaics", from where we will continue cycling the next day. .

 Aitch Boutique Hotel Madaba  Breakfast, Lunch, Dinner

Day 12: Madaba - Mount Nebo - Dead Sea

We begin with a short transfer from Madaba to the holy Mount Nebo, the place where Moses is believed to have beheld the Promised Land before his passing. Here, we'll bask in the sweeping views, reaching far into neighboring Israel, and explore the hallowed grounds. Among its treasures lie the remains of an early Christian church adorned with intricate mosaic floors depicting biblical narratives. We then set off on our bikes to reach our old, salty, friend, the Dead Sea! It is an undulating ride across the fertile Madaba plain where we'll encounter olive groves and wheat fields. After around 45 km, we enjoy a serpentine downhill to the eastern shores of the Dead Sea and skirt along the coast-hugging road to our resort for the night. Feel free to enjoy another float and mud bath to celebrate our return to the world's saltiest lake!

Day 13: Dead Sea - Jericho - Jerusalem

We bid farewell to Jordan with a leisurely morning ride through the desert and farmlands north of the Dead Sea. Upon reaching the Allenby/King Hussein Border, we cross back into Israel and ride 13 km to the ancient Palestinian city of Jericho, one of the world's oldest continuously inhabited urban centers. From the legendary Walls of Jericho to the mosaic-adorned Hisham's Palace, the city is steeped in rich history. We'll do some exploring and enjoy lunch in the lively

town center before transferring to Jerusalem. We'll check into our hotel and reconvene in the evening for a farewell dinner.

Disclaimer: The adventure cycling tours we operate often go beyond the beaten track, and the countries where we ride are not always predictable. Due to these reasons, it is occasionally necessary to reroute or update itineraries. Our guarantee is that we will not change a trip unless for safety or to improve it. Our listed hotels are always accurate at the time of writing, but should we have to change any hotel, it will always be for a similar or better one.

NUTS & BOLTS

Bikes

Because some people can't imagine going on a trip without their own beloved bicycle, we do not provide them as part of this tour. However, you can hire bikes locally for the price listed in the tour pricing section.

If you bring your own roadbike, please make sure it is in good mechanical order.

Bike Repairs

Basic spares and tools are carried by the guide and on the support vehicle, though we cannot guarantee having spares for every conceivable problem. Carrying a basic tool kit, a spare tube and a pump while riding is recommended.

Safety

Wearing a helmet is required on all our biking adventures and is non negotiable. If you do not wear a helmet you will not be allowed to cycle. Your tour leader is trained in first aid and emergency rescue, but to a large degree you must be responsible for your own safety while riding. It is therefore compulsory that you take out travel insurance that will cover you for a mountain biking tour.

Guides

You will be led by a local English-speaking guide and if the group is 9 people or more we will add another guide to the tour. All our guides are well informed in the history, culture and religions

of the area where you are biking and are skilled at passing that knowledge on to you. Your guide is also medically trained and an experienced cyclist, able to handle most minor repairs en route.

THE NITTY GRITTY

JORDAN

Passports and Visas

To join this trip, you are required to purchase the [Jordan Pass](#). This pass waives your tourist visa fee and provides entry to over 40 attractions, including Petra. Because the pass covers these fees, entrance costs are not included in the tour price.

For this tour, you only need the standard package: **Jordan Wanderer (70 JOD / approx. 100 USD)**.

Key Conditions & Steps:

- **Nationality:** Ensure your nationality is not on the [restricted list](#).
- **Passport:** Your passport must be valid for at least six months from your date of entry.
- **Minimum Stay:** To receive the visa fee waiver, you must stay a minimum of two nights (3 days) in Jordan. (Since our tour is 8 days, you are fully covered).
- **Validity:** The pass is valid for use within 3 months of the date of purchase. (Don't buy it too far in advance!). The pass will automatically expire 2 weeks (14 days) after it is first scanned at a tourist attraction. Your entry stamp at the airport typically allows you to stay in Jordan for 30 days (though a new 2026 rule has started granting 90 days to many nationalities).
- **Arrival Process:** After purchase, you will receive the pass via email. We suggest printing a physical copy and saving the digital version/QR code to your phone.
- **At the Airport:** When you land, do not go to the "Visa" counter to pay. Instead, go straight to the Immigration/Passport Control queue. Show the officer your passport and your Jordan Pass (printed or digital). They will scan the QR code and stamp your passport for free.
- **During the Tour:** Keep your Jordan Pass and your physical passport with you daily. Both will be scanned and verified by officials at the entrance of each site we visit.

Health

Travelers are recommended to be up-to-date on Hepatitis A, Typhoid, and Tetanus. While not required for entry, these are standard for Jordan. See [here](#) for more recommendations to help you prepare. Please speak to your doctor/physician for the most recent information.

Yellow Fever Note: You are only required to show a Yellow Fever vaccination certificate if you are arriving from (or have transited for more than 12 hours through) a country with a risk of Yellow Fever transmission.

Weather

The optimal months for cycling are March to May and September to November. During these windows, you avoid the extreme seasonal peaks of the summer and winter. While these months are generally dry and sunny, sporadic rain can occur, particularly in late March or late October. Strong winds can also be a factor and kick up sand and dust, so a lightweight rain and windproof jacket is recommended. Regardless of the season, desert temperatures drop significantly at night, so packing layers is essential to stay comfortable once the sun goes down.

Food

Meals are included as per the itinerary where B = breakfast, L = lunch, D = dinner. Breakfasts are provided at the hotels and include a mix of continental favorites and traditional Jordanian staples like creamy hummus, labneh (strained yogurt), olives, and za'atar flatbread. Lunches are served either picnic-style during our outdoor adventures or at vetted local restaurants along the route, offering fresh salads and regional specialties. Dinners are also held at the hotels and, depending on the location, may consist of a buffet, shared platters, or traditional Bedouin cookery.

Drink

Keeping you completely hydrated is a job we take very seriously. Water is included while riding and during all meals. Soft drinks and other beverages during meals are not included. Jordan is a Muslim country, and while alcohol is legal, it is not as widely available as in Western countries. Beer and alcohol are not included in the tour price and won't always be available at every stop. Most larger hotels and specific restaurants in Amman and Aqaba serve alcohol, but many local cafes and remote desert camps are "dry." Drinking in public streets is prohibited, so we recommend enjoying a drink within the designated bars or the privacy of your hotel.

Solo Travelers

SpiceRoads does not require you to pay a surcharge for traveling alone. We will arrange for you to share accommodation with another traveler of the same gender and if we can not match you up we will provide a single room at no extra charge. If you prefer not to share a single supplement is payable to guarantee your own room. The cost of the single supplement is listed above.

Extra Expenses

We recommend that you tuck away a few extra liras for possible incidentals that might arise. It is always wise to have some paper currency in case of ATM absence or credit card problems. This will save you a lot of unnecessary worries. It is also customary to tip local tour guides and drivers; however, the amount you give should be dependent on the level of service you receive.

Money

The Jordanian Dinar (JOD) is the official currency. What works best for most people is exchanging some money as soon as you arrive at the airport and then topping up as needed with ATM withdrawals. ATMs are widely available in Amman, Aqaba, and Wadi Musa (the town next to Petra). While Visa and MasterCard are accepted at most hotels and larger restaurants, it is highly recommended to keep cash on hand for tipping, local markets, and small cafes, as many vendors do not accept cards.

Be Aware

Overall, the level of petty crime is much less than in most Western countries. However, take the usual precautions about avoiding rowdy political demonstrations, not flashing money around and being aware of pickpockets in crowded places.

ISRAEL

Passports and Visas

Many countries do not require a visa for travel to Israel, generally for a maximum stay of 3 months. See [here](#) for the full list. If you require a visa to visit Israel, please get in touch with the Israeli embassy or consulate nearest to you. For more information, see [here](#). Make sure your passport is valid for at least six months beyond your planned date of departure from Israel. In Israel, instead of stamping passports at airports and land crossings, an electronic gate pass system is used. Travelers receive small slips of paper with a barcode, which serves as their exit permit from the passport control hall. Make sure you keep this with you throughout the trip.

Health

No vaccinations are needed.

Weather

The most popular time to travel to Israel and Jordan is in the late spring and fall, when the weather is warm but not oppressively hot, and fairly dry. Summer brings extreme heat, especially in July and August when temperatures can rise up to 40 C. In the fall daytime temperatures are very pleasant; around 15-25 C degrees in most of the country, though they are usually higher around the Dead and Red Seas. Jerusalem will be in the 5-10 C degrees range in the evening. There is a chance of rain towards the end of the year.

Food

Meals are included as per the itinerary where B = breakfast, L = lunch, D = dinner. Middle Eastern cuisine is a highlight of this tour in both Israel and Jordan. Popular everyday snacks include hummus, falafel, baba ghanoush, tabbouleh, olives and pita bread. Israel continues to adapt, elements of various styles, but also incorporating local agricultural products such as avocado. As Jordan is one of the largest producers of olives in the world, olive oil is the main cooking oil. Jordanian cuisine ranges from baking, sauteeing and grilling of meats to stuffing of vegetables – leaves and eggplants. Also common is roasting or preparing foods with special sauces. In Southern Jordan a specialty and delicacy of the area that you will get to enjoy is the Zarbs, which is prepared in a submerged oven called a taboon.

Drink

Keeping you completely hydrated is a job we take very seriously, especially in a desert environment. Cold water, some energy-restoring soft drinks are included in the tour price while riding. Soft drinks and other beverages during meals are not included. But you may also want to bring electrolyte in powder or tablet form. Alcoholic drinks are available in Israel everywhere but only in hotels in Jordan. Alcohol is NOT included in the tour price.

Solo Travelers

SpiceRoads does not require you to pay a surcharge for traveling alone. We will arrange for you to share accommodation with another traveler of the same gender and if we can not match you up we will provide a single room at no extra charge. If you prefer not to share a single supplement is payable to guarantee your own room. The cost of the single supplement is listed above.

Extra Expenses

We recommend that you tuck away a few extra liras for possible incidentals that might arise. It is always wise to have some paper currency in case of ATM absence or credit card problems. This will save you a lot of unnecessary worries. It is also customary to tip local tour guides and drivers; however, the amount you give should be dependent on the level of service you receive.

Money

Israel's currency is the New Israel Shekel (NIS). ATMs give standard rates and are available in Jerusalem and Tel Aviv in heavily touristed areas, but there are few in other cities so it is recommended to have some shekels on hand before departing Jerusalem.

Be Aware

Overall, the level of petty crime is much less than in most Western countries. However, take the usual precautions about avoiding rowdy political demonstrations, not flashing money around and being aware of pickpockets in crowded places.
