## TRIP PROFILE

We ride a total of **368 km over 7 cycling days**. The route links Tbilisi with the wine country of Kakheti, the historic town of Mtskheta, and the cave city of Vardzia, with daily rides averaging around 53 km and 625 m of climbing and one longer, hillier day between Kachreti and Kvareli. The week starts with a gentler introduction through the Alazani Valley, builds to a couple of more demanding stages with sustained climbs and rolling terrain, and eases off with a shorter ride into Vardzia before the transfer back to the capital. Along the way you taste Georgian wines at source, explore medieval hilltop fortresses and monasteries, and spend time in rural villages that see few foreign cyclists. The trip is fully supported, and your guide's expert knowledge of the area and terrain means that you always know what is coming up in terms of distance and difficulty. This makes a tremendous difference, as does the constant supply of water and refreshments along the way.

### Suitability

This tour suits recreational cyclists with good general fitness who are comfortable riding back-to-back days of 40–75 km with regular climbing. Daily elevation gain averages around 600 m, with the hardest day featuring **74 km** and almost **1,000 m of ascent**, so you should feel at ease on sustained, moderate gradients rather than only flat rides. We recommend riding two to three times per week in the lead-up to the tour, including some hillier routes or indoor sessions that mimic climbing. Previous experience with day rides of 60 km or more will help you enjoy the longer stages, and this trip is **not suitable for complete beginners** or riders who only cycle occasionally.

### Biking Conditions

The route follows a mix of **paved regional and local roads**, linking small towns, wine villages, and rural valleys; most surfaces are sealed, though you may encounter short sections of rougher tarmac, patched roads, or light gravel through villages and access lanes. Traffic is generally **light on the backroads** of Kakheti and the countryside around Akhaltsikhe and Vardzia, but riding in and out of Tbilisi and through larger towns can feel busier at times, with cars, minibuses, and the occasional truck sharing the road. Expect a mix of rolling terrain and a few longer climbs rather than technical riding, and be prepared for variable weather across mountain passes and open valleys. We generally ride rain or shine, but based on the guide's discretion or your level of comfort, modifications to the planned route can be made. It's all part of the adventure! Throughout the ride, the support vehicle is always nearby to offer refuge to any weary cyclists.

### Accommodations

We stay in comfortable **3–4 star** accommodation throughout this journey, combining stylish city hotels with relaxing countryside resorts. In Tbilisi, we base ourselves at a modern, centrally located hotel with compact but well-designed rooms, air-conditioning, and easy access to the Old Town. In Kakheti, we enjoy two standout resort stays: a full-service golf and wellness resort with extensive sports facilities and pools, and a tranquil lakeside hotel surrounded by vineyards and forested hills, both offering spacious rooms, on-site restaurants, and inviting outdoor areas for evening relaxation. In Telavi, Mtskheta, and the Vardzia region, we stay in smaller local hotels and family-run guesthouses that deliver simple but comfortable rooms and a more intimate window into Georgian hospitality. Please be aware that some older or more characterful properties, while charming, may show light wear and the service pace in rural Georgia can be more relaxed than you might be used to. For larger groups, we may occasionally split the group between nearby accommodations or substitute a similar hotel if the listed property is not available.

## Day 1: Meet in Tbilisi

We meet at our hotel to begin our Georgian adventure. Following check-in, we **transfer** (approx. 15 min) to the historic **Metekhi Church** area to enjoy panoramic views of the river. From here, we set out on a guided walking tour of **Old Tbilisi**, where we ride the cable car and explore the patterned balconies and winding streets that define the city's character. We finish our walk in the historical sulphur bath district before we return to the hotel for a **bike fitting** to ensure our equipment is ready for the road. We conclude the day with a welcome dinner at a local restaurant to enjoy our first taste of authentic Georgian cuisine. Please let us know if you need assistance with airport **transfers** or pre-tour hotel bookings.

## Day 2: Tbilisi → Kachreti

We leave the capital in the morning and **transfer** (approx. 1h 20) to **Sagaredjo** to start our first ride. We cycle through the dry, open landscapes of southeastern Georgia toward the **David Gareja Monastery**. We explore this spiritual complex of caves carved into sandstone cliffs dating back to the 6th century. After we explore the caves, we **transfer** (approx. 20 min) to the village of **Udabno**. We enjoy a homemade lunch with a local family who relocated here from the high mountain region of Svaneti. Because the family maintains their specific regional traditions, especially in their cuisine, we taste a unique style of mountain cooking that adds to the variety of Georgian flavours we experience on this tour. We then **transfer** (approx. 1h 10) to our resort in **Kachreti**. We enjoy free time to relax amongst the vineyards before we share dinner at our countryside hotel.

We start our most challenging day directly from the resort, as we head into the rolling heart of the **Kakheti wine region**. We **cycle** through a scenic landscape of vineyards and orchards on quiet village roads toward **Gavazi**. Here, we visit a local family house to learn about rural traditions and join a masterclass to make **churchkhela**, a traditional Georgian sweet made from grape juice and nuts. After we enjoy a homemade lunch, we continue our ride toward the forested hills surrounding **Kvareli Lake**. After we reach our lakeside resort, we take a short **transfer** (approx. 20 min) to a renowned winery for an expert-led wine and cheese pairing. We **transfer** (approx. 20 min) back to our hotel to relax in this peaceful setting before we share dinner.

We set out from our lakeside hotel and follow a quiet lower road that traces the foothills of the Caucasus Mountains. We make our first stop at the **Gremi architectural complex** to visit the 16th-century church and museum that once served as a vibrant regional hub. We continue our ride to the **Mosmieri winery** for a traditional Georgian lunch overlooking the vines. In the afternoon, we pedal to the **Tsinandali Estate** to explore the romantic landscape garden and the historical winery where Georgian wine was first bottled. Our final cycling stretch takes us to the village of **Kondoli** to visit a traditional wine cellar focused on ancient methods. After we explore the cellar, we take a short **transfer** (approx. 30 min) into **Telavi**. We leave the evening free for you to enjoy the atmosphere of this historic town and find a local spot for dinner.

## Day 5: Telavi → Mtskheta

We begin our most relaxed riding day with a short **transfer** (approx. 10 min) to explore the vibrant Telavi farmer’s market. We sample fresh local goods and soak in the atmosphere before we cycle to the majestic 11th-century **Alaverdi Cathedral**. We explore this iconic landmark that dominates the surrounding valley. From the cathedral, we enjoy a gentle rhythm as we pedal toward **Duisi**. We soak in the rural atmosphere of the **Alazani Valley** and stop for an organic lunch with a local family. After lunch, we pack the bikes for a **transfer** (approx. 2h 30) to the ancient capital of **Mtskheta**. We spend the evening in this **UNESCO-listed town**, which offers a peaceful setting for our stay. Take the opportunity to soak in the spiritual atmosphere of its historic streets as you choose a local restaurant for dinner.

hotel “Gino Wellness”    Breakfast, Lunch

## Day 6: Mtskheta → Akhaltsikhe

We start our ride directly from the hotel and follow the river valley toward the ancient cave city of **Uplistsikhe**. This remarkable site served as a strategic hub on the **Great Silk Road**, and we enjoy a scenic picnic lunch along the route before we arrive at the caves. We explore the maze of living spaces, wine cellars, and bakeries carved directly into the sandstone. We visit a basilica cut from the rock and the remains of an antique theatre, imagining the merchants who once sought refuge here. After our exploration, we pack up the bikes for a **transfer** (approx. 2h 30) into the southern highlands. We arrive in **Akhaltsikhe**, a city defined by its multi-cultural history and the imposing Rabati Fortress. Enjoy a free evening in this historic border town, where you can explore the diverse architecture of the old district before choosing a local spot for dinner.

hotel “Lomsia”    Breakfast, Lunch

## Day 7: Akhaltsikhe → Vardzia

After breakfast, we begin a shorter but rewarding ride from our hotel toward **Vardzia**. We trace the deep gorge of the Mtkvari River, which offers views of high cliffs and old fortresses as we climb toward **Aspindza**. From here, we take a short **transfer** (approx. 40 min) to reach the

**Vardzia cave town.** We spend time exploring this massive complex, which once held thousands of caves and stands as a symbol of Georgia's Golden Age. We visit the churches cut from the rock to see 12th-century frescoes before we take a final **transfer** (approx. 10 min) to a nearby **family-run estate**. We enjoy a late lunch with the family, tasting local dishes prepared with fresh ingredients from their own trout farm and organic gardens. We spend a peaceful evening in this riverside setting before we share dinner at the estate.

At **2,168 metres above sea level**, we start our ride across the wild and open landscapes of the **Javakheti Plateau**. We pedal past the largest lake in Georgia and through remote villages where cranes nest atop the chimneys. After a homemade lunch with a local family in **Tsalka**, we continue our ride to the spectacular **Dashbashi Canyon**. We visit its hidden waterfalls and the modern glass bridge that spans the gorge before taking a final **transfer** (approx. 2h 45) back to **Tbilisi**. We are happy to help you organise these final details for your journey home or an extended stay in the capital.

Disclaimer: The adventure cycling tours we operate often go beyond the beaten track, and the countries where we ride are not always predictable. Due to these reasons, it is occasionally necessary to reroute or update itineraries. Our guarantee is that we will not change a trip unless for safety or to improve it. Our listed hotels are always accurate at the time of writing, but should we have to change any hotel, it will always be for a similar or better one.

## NUTS & BOLTS

### Bikes

Because some people can't imagine going on a trip without their own beloved bicycle, we do not provide them as part of this tour. However, you can hire bikes locally for the price listed in the tour pricing section. We provide high-quality **Ghost Kato Universal** mountain bikes or similar. **E-bikes by Specialized Turbo Levo SL Comp Alloy** or similar are also available. If you bring your own bike, a modern **full-suspension mountain bike** is ideal. A capable hardtail cross-country mountain bike will also get the job done. Whichever bike you choose, please ensure it is in excellent mechanical order before arrival.

### Bike Repairs

Basic spares and tools are carried by the guide and on the support vehicle, though we cannot guarantee having spares for every conceivable problem. Carrying a basic tool kit, a spare tube and a pump while riding is recommended.

### Safety

Wearing a helmet is required on all our biking adventures and is non negotiable. If you do not wear a helmet you will not be allowed to cycle. Your tour leader is trained in first aid and emergency rescue, but to a large degree you must be responsible for your own safety while riding. It is therefore compulsory that you take out travel insurance that will cover you for a mountain biking tour.

### Guides

You will be led by a local English-speaking guide and if the group is 9 people or more we will add another guide to the tour. All our guides are well informed in the history, culture and religions of the area where you are biking and are skilled at passing that knowledge on to you. Your guide is also medically trained and an experienced cyclist, able to handle most minor repairs en route.

## THE NITTY GRITTY

### Passports and Visas

Georgia offers one of the most liberal entry policies in the world. Citizens of the **UK, US, Canada, Australia, New Zealand, and the EU** are permitted to enter Georgia visa-free for stays of up to **one full year**. For citizens of other nations, an e-visa system is available and straightforward to navigate. Please ensure your passport is valid for the duration of your stay. As Georgia is not a member of the Schengen Area, time spent here does not count toward your 90-day Schengen limit, making it an ideal destination for extended European itineraries.

### Health & Insurance

No specific vaccinations are mandatory for entry, though boosters for Tetanus and Hepatitis A/B are recommended.

Comprehensive travel insurance is essential and must specifically cover cycling and medical evacuation in mountainous regions. While medical facilities in Tbilisi are modern, rural mountain areas are remote. Carrying a basic first-aid kit for small scrapes is a practical choice for any rider.

### Weather

Georgia features a diverse climate, from subtropical coastal zones to alpine peaks.

- **The Best Window:** **May to June** and **September to October** are the ideal months for cycling, offering mild temperatures and clear mountain views.
- **The High Passes:** Routes involving high mountain passes are typically accessible from late June through September.
- **Conditions:** Summer in the lowlands and Tbilisi can be hot, with temperatures exceeding **30°C**, while the mountain air remains crisp and cool.
- **Gear:** High-quality waterproof layers and warm clothing are essential for the unpredictable weather of the Caucasus, where conditions can shift rapidly at altitude.

## Food

Georgian cuisine is a highlight of the journey, known for its heartiness and unique flavour profiles. You must try **Khachapuri** (cheese-filled bread) and **Khinkali** (spiced meat dumplings). The use of walnuts, pomegranate, and fresh herbs like cilantro creates a vibrant palette of tastes. Most meals are served family-style, reflecting the communal nature of Georgian culture. We cater to all dietary requirements; please notify us at the time of booking.

## Drink

Hydration is a priority, particularly on long mountain climbs. We provide ample water and local snacks during all rides. Georgia's wine is a cultural treasure: the skin-contact "amber wines" produced in Qvevri are a unique sensory experience. For something stronger, the local grape brandy known as **Chacha** is a staple of Georgian hospitality, though it is best enjoyed sparingly after the day's riding is done.

## Solo Travellers

SpiceRoads does not charge a mandatory single supplement. We will pair you with another traveller of the same gender in twin-share accommodation. If no match is available, you will receive a single room at no additional cost. If you prefer to guarantee your own private room for the duration of the trip, a single supplement is available at the rate listed in the tour pricing.

## Extra Expenses

Georgia remains an exceptionally affordable destination. You should budget for personal incidentals, such as post-ride coffees, traditional felt handicrafts, or local spices to take home. Tipping for your support team and in restaurants is appreciated and reflects local customs for good service.

## Money

The currency of Georgia is the **Lari (GEL)**.

- **ATMs:** Cash machines are widely available in Tbilisi and regional hubs like Kutaisi and Batumi, accepting major international cards.
- **Cards:** Credit and debit cards are accepted in most hotels and larger restaurants in cities.
- **Cash:** It is essential to carry cash for use in the mountain villages and smaller guesthouses, where card facilities are rare and the signal for terminals can be intermittent.
