TRIP PROFILE

We ride a total of **350 km** over **6 cycling days**. Daily distances average around 58 km with approximately 1,150 m of climbing per day, though the stages are uneven. The week starts with the tour's highest ascent on **Day 2** before settling into a sustained mountain rhythm through the *Pindus* range. The route leads through the remote *Prespes* lakes and the historic adobe villages of *Koretsia*, winding through the narrow *Portitsa Gorge* before a panoramic descent toward the sandstone pillars of *Meteora*. Highlights off the bike include exploring the 18th-century stone bridges of *Grevena* and a guided visit to the UNESCO-listed monasteries of *Meteora*. The trip is fully supported, and your guide's expert knowledge of the area and terrain means that you always know what is coming up in terms of distance and difficulty. This makes a tremendous difference, as does the constant supply of water and refreshments along the way.

Suitability

This tour is for riders with a consistent level of fitness who enjoy a mix of paved and unpaved terrain. While e-bikes provide assistance for the significant daily elevation gains, the trip is **not suitable for complete beginners** as it requires basic bike handling skills for descending and **requires comfort with daily climbing**. We recommend regular aerobic exercise or cycling in the weeks leading up to departure to ensure you can comfortably complete consecutive days in the saddle. The itinerary includes cumulative climbing that averages 1,150 m per day, so a moderate level of physical stamina and a willingness to tackle hills is helpful.

Biking Conditions

The terrain is approximately 78% paved and 22% unpaved, consisting of a mix of asphalt, hard-packed gravel, and forest roads. Most cycling takes place on quiet backroads and rural paths through the *Pindus* mountains, though some primary road sections are used to connect valley stages near *Kastoria* and *Grevena*. Surface conditions vary, with good asphalt on several stages and rougher gravel or rutted tracks on the more mountainous sections of **Day 2** and **Day 6**. While much of the route is on quiet countryside roads with minimal traffic, we will be regularly sharing the roads with other vehicles, including cars, motorbikes, and buses. Road surfaces can be variable, with occasional rough patches, potholes, or loose gravel. We generally ride rain or shine, but based on the guide's discretion or your level of comfort, modifications to the planned route can be made. It's all part of the adventure! Throughout the ride, the support vehicle is always nearby to offer refuge to any weary cyclists.

Accommodations

We stay in **comfortable mid-range hotels and characterful regional guesthouses** selected for their location and local character. In *Thessaloniki* we base ourselves at the **upscale urban hotel La Palace**, which offers neoclassical style and quality beds in the city center. The remaining nights take you to intimate properties: a scenic guesthouse overlooking *Prespa Lake* at high altitude, regional hotels in mountain villages, the atmospheric **stone villas of Pindos Resort** nestled among pines at 1,170 m, and a quiet garden hotel steps from *Meteora's* monasteries. All properties feature private bathrooms, reliable hot water, and Wi-Fi; breakfast varies from buffet style to simple continental. Please be aware that some properties, while charming and full of local character, **may show signs of age**, and **service pace can be more relaxed** than you might expect in larger international hotels. For larger groups we may occasionally split the group between nearby properties or substitute a similar property if the listed one is unavailable.

Day 1: Meet in Thessaloniki

We meet in **Thessaloniki**, Greece's cultural gateway where the Aegean Sea meets the rugged Balkan interior. After check-in, the afternoon is free for exploration. We recommend a walk along the waterfront to the iconic **White Tower** or through the historic **Ladadika District**. In the early evening, we gather for a welcome briefing before sharing a group dinner at a local *taverna*. We enjoy authentic northern Greek flavours and the city's vibrant evening atmosphere as we prepare for our first day in the saddle. Please let us know if you need assistance with airport **transfers** or **pre-tour hotel bookings**.

Dinner

Day 2: Flampouro → Agios Germanos

We begin the day with a morning **transfer** (approx. 2h 30) from **Thessaloniki** toward the mountain village of **Flampouro**. After bike fitting, we tackle the rugged ascent to the **Vigla** pass, defined by

the sharp switchbacks and alpine exposure of the northern frontier. We break for a hearty lunch at a local *taverna* to sample authentic regional flavours like roasted peppers and mountain tea. Cresting the summit, we are rewarded with a panorama across the **Prespa Lakes**, where the borders of Greece, Albania, and North Macedonia meet in a landscape of untouched wilderness. In the afternoon, we descent to **Agios Germanos**, a preserved stone village where the evening is yours to explore the historic streets and find a local spot for dinner.

Day 3: Agios Germanos → Chloi

We leave **Agios Germanos** behind to enjoy the easiest ride of our journey, **pedalling** through the northern hills. This stage offers a window into rural life, where we ride past traditional stone houses and through landscapes that have remained largely unchanged for centuries. Along the route, we stop for a scenic *picnic lunch* to soak in the quiet beauty of the northern mountains. The afternoon is defined by a rewarding descent that leads us out of the high country and into the **Kastoria** basin. We finish our ride in **Chloi**, located on the outskirts of the historic city of **Kastoria**, known for its wealth of **Byzantine churches** and unique lakeside architecture. The evening is free to wander the vibrant waterfront and find a local spot for dinner.

We roll out from **Kastoria** for our longest day on the road, heading south toward the "City of Mushrooms," **Grevena**. We cover 75 km of rolling terrain, moving deeper into the northern Greek interior as the hills begin to sharpen toward the rugged **Pindos Mountains**. A traditional *taverna* lunch in **Neapoli** provides the perfect mid-day break before we pedal through the final stretch of foothills into **Grevena**. The town is famous for its mountain character and deep foraging traditions, making it the perfect place to finish a big day in the saddle. In the evening, we gather for a group dinner to refuel and share stories from the road.

Day 5: Grevena → Ziaka Village

We set out from **Grevena** for a rewarding day of ascent through dramatic scenery and ancient architecture. We ride across the arched stone bridges of **Aziz Agha** and **Ziakas** as we work our way into the rugged interior of the **Pindos Mountains**. A traditional *taverna* lunch in **Trikomo** provides the perfect mid-day break before we continue toward the spectacular **Portitsa Gorge**. We take time to explore this narrow canyon, where a 200-year-old stone bridge sits tucked between massive limestone walls. A final climb brings us to **Ziaka Village**, a quiet settlement at the foot of **Mount Orliakas**. The evening is free to soak in the atmosphere and find a village spot for dinner.

Day 6: Ziaka Village → Krania

We begin our ride from **Ziaka Village**, trading asphalt for the grit of the **Pindus** on the tour's most authentic off-road stage. We ride through the traditional stone houses of **Agios Nikolaos**, a village that feels frozen in time, before finding a spot in the wilderness for a *packed lunch*. The route leads us to the **Mikrolivado Watermill**, a historic piece of local heritage that shows how these isolated mountain communities once harnessed the river's power for survival. The terrain becomes even more dramatic as we enter the **Mileopotamos Gorge**. Here, the narrow limestone walls and deep river canyons reveal the rugged character of the northern Greek interior, making every meter of the climb worth the effort. We finish the day at a resort in **Krania**, a high-altitude sanctuary perfect for resting after a day on the trails. The evening is free to explore the village and find a local tavern for dinner.

Day 7: Krania → Meteora

We leave the high peaks of the **Pindus** behind, trading the deep forest for a long descent toward the legendary rock formations of **Meteora**. The route through **Panagia** and **Matoneri** offers a mix of mountain scenery and traditional villages, leading to panoramic views as we drop toward the **Thessalian plain**. We stop for a *packed lunch* along the way while the horizon begins to shift. As we approach the final stretch, the dramatic sandstone pillars of **Meteora** rise abruptly from the valley floor. These towering formations, crowned by centuries-old monasteries, signal our arrival at this UNESCO World Heritage site. We end the day at a hotel nestled at the base of these landmarks, with the evening free to explore the local atmosphere and find a spot for dinner.

We continue past the ruins of **St. Dimitrios** before reaching the clifftop to visit one of the historic monasteries perched high above the valley floor. Our descent into **Kastraki** follows the traditional routes used for centuries, passing the cave of **St. George Mandila** where colorful scarves hang as offerings from local climbers. Following a final *taverna* lunch, we board our bus for the three-hour **transfer** back to **Thessaloniki**. We spend our final evening together sharing a farewell dinner to celebrate our week in the mountains.

 Breakfast

Disclaimer: The adventure cycling tours we operate often go beyond the beaten track, and the countries where we ride are not always predictable. Due to these reasons, it is occasionally necessary to reroute or update itineraries. Our guarantee is that we will not change a trip unless for safety or to improve it. Our listed hotels are always accurate at the time of writing, but should we have to change any hotel, it will always be for a similar or better one.

NUTS & BOLTS

Bikes

We include high-quality **e-bikes** on this tour so you can enjoy the Greek mountain scenery with a comfortable level of support. We provide **Giant Talon E+2** e-bikes or similar, offering smooth electric assistance and reliable components. If you choose to bring your own bicycle, a **hardtail e-mountain bike** is ideal, but a standard mountain bike with high-volume tires will also get the job done. Whichever bike you choose, please ensure it is in excellent mechanical order before arrival.

Bike Repairs

Basic spares and tools are carried by the guide and on the support vehicle, though we cannot guarantee having spares for every conceivable problem. Carrying a basic tool kit, a spare tube and a pump while riding is recommended.

Safety

Wearing a helmet is required on all our biking adventures and is non negotiable. If you do not wear a helmet you will not be allowed to cycle. Your tour leader is trained in first aid and emergency rescue, but to a large degree you must be responsible for your own safety while riding. It is therefore compulsory that you take out travel insurance that will cover you for a mountain biking tour.

Guides

You will be led by a local English-speaking guide and if the group is 9 people or more we will add another guide to the tour. All our guides are well informed in the history, culture and religions of the area where you are biking and are skilled at passing that knowledge on to you. Your guide is also medically trained and an experienced cyclist, able to handle most minor repairs en route.

THE NITTY GRITTY

Passports and Visas

Greece is a member of the **Schengen Area**. Citizens of the **UK, US, Canada, Australia, and New Zealand** do not require a visa for short-term tourism. These travellers are permitted to stay for up to **90 days within any 180-day period**.

Visa-exempt travellers are required to obtain a valid **ETIAS** (European Travel Information and Authorisation System) approval prior to arrival. This digital registration is linked to your passport and is valid for three years. Additionally, the **Entry/Exit System (EES)** is operational at all borders. This involves a quick biometric registration, including a facial image and fingerprints, upon your first entry into the Schengen zone. For citizens of the EU, Switzerland, and Norway, entry is permitted with a valid National ID card or passport. Please ensure your passport is valid for at least three months beyond your intended departure date.

Health & Insurance

No specific vaccinations are mandatory for entry, though it is advisable to be current on standard boosters such as Tetanus and Hepatitis A/B.

Comprehensive travel insurance is essential and should specifically cover cycling and medical evacuation. This is particularly important if you are exploring remote island roads or the high Pindus Mountains. If you are an EU citizen, ensure you carry a valid European Health Insurance Card (EHIC). UK citizens should carry a Global Health Insurance Card (GHIC) to access reciprocal state-provided healthcare during their stay.

Weather

The Greek climate is typically Mediterranean, featuring long, dry summers and mild, wet winters.

- **The Best Window: April to June and September to October** are the ideal months for cycling. During these periods, the temperatures are comfortable and the landscapes are at their most vibrant.
- **Summer Heat:** In July and August, temperatures can frequently exceed **35°C**. During this time, coastal breezes offer some relief, but inland mountain routes remain the best escape from the heat.
- **Mountain Conditions:** Weather in high-altitude regions like the Peloponnese or Central Greece can change rapidly. Even in late spring, mountain passes can be significantly cooler than the coast.
- **Gear:** Breathable, high-quality sun protection is vital. A light, windproof layer is also recommended for long descents or cooler evening sea breezes.

Food

Greek cuisine is a masterclass in the Mediterranean diet, focusing on fresh, seasonal, and local ingredients. Signature dishes include **Moussaka** (layers of aubergine and spiced meat), fresh grilled octopus, and the ubiquitous Greek salad topped with premium feta. The regional specialities, such as the wild mountain greens known as **Horta** or the honey-soaked **Baklava**, provide a true taste of the landscape. Most meals are served family-style to encourage sharing. We cater to all dietary needs, so please notify us of any requirements at the time of booking.

Drink

Staying hydrated is a priority, particularly during the warm climbs of the mainland. We provide ample water and local snacks during every ride. Greece has a winemaking tradition that spans millennia. You should sample the crisp, volcanic whites of the islands or the robust **Xinomavro** reds of the north. For a local post-ride ritual, try a small glass of **Ouzo** or **Tsipouro**, often served with a small plate of appetizers. Please note that soft drinks and alcohol during meals are not included in the tour price.

Solo Travellers

SpiceRoads welcomes solo adventurers and does not charge a mandatory single supplement. We will arrange for you to share a room with another traveller of the same gender. If no match is available, you will receive a single room at no additional cost. If you prefer to guarantee your own private room for the duration of the trip, a single supplement is available at the rate listed in the tour pricing.

Extra Expenses

Greece offers excellent value, but you should budget for personal incidentals. This includes post-ride coffees in a traditional *Kafenio*, local handicrafts such as olive wood products or ceramics, and tips for your support team.

Money

The currency of Greece is the **Euro (€)**.

- **ATMs:** Cash machines are widely available in all towns and at major ports. They accept most international debit and credit cards.
- **Cards:** Visa and Mastercard are accepted in most hotels, restaurants, and larger shops.
- **Cash:** It is highly recommended to carry a small amount of cash for use in small village tavernas or for minor purchases in more remote rural areas where card machines may not always be available.
