TRIP PROFILE

This tour covers 321 km over 6 days of riding. We cycle in the region of southern Poland and northern Slovakia, from the city of Krakow to the resort town of Strbske Pleso in the High Tatras. We ride primarily on paved backcountry roads though a generous sprinkling of gravel and forest paths are also thrown into the mix. The entire route is hilly with up-and-down sequences to be expected each day of riding, getting steeper the closer we get to the High Tatras. We generally ride from the morning to the early afternoon, with the remainder of the day at your own leisure to immerse yourself in the charm of towns bursting with history and the beauty of untamed wilderness. Please note that entrance fees to castles, museums, other types of heritage sites, as well as chairlifts, national parks, etc. that require payment to enter are not included in the price. Your guide will discuss options for independent afternoon explorations in the town's visited. The trip is fully supported, and your guide's expert knowledge of the area and terrain means that you always know what is coming up in terms of distance and difficulty. This makes a tremendous difference, as does the constant supply of water and refreshments along the way.

Suitability: This is an active level tour and riders can expect to be challenged by the route and terrain in a variety of ways. We climb an average of around 700 m per day, with gains and gradients picking up gradually as we get closer to the High Tatras Mountains. While there is nothing overly technical, good handling skills are an asset on unpaved sections. Distances are manageable with only one of 6 cycling days being more than 80 km. A basic level of physical fitness, comfort on a mountain bike, and adept handling skills enhance the enjoyment of the tour. A support vehicle is available at all times to provide refuge for weary riders. As the majority of the riding takes place on paved roads, this tour is not suitable for any riders seeking off-road experiences.

Biking Conditions: Around 75% of the route is on paved roads which are mostly in good condition, though broken asphalt, road debris, and potholes do present themselves. The remaining 25% are on gravel roads, forest paths, and some off-road trails. The riding takes place predominantly on quiet backcountry roads with minimal traffic though occasionally we'll also be on the shoulders of main roads. Coming in and out towns, as well as near popular tourist attractions, we will share the roads with cars and buses and rules of traffic must be observed. While rainfall is uncommon during the months we schedule our tours, showers can occur at any time – we generally ride rain or shine though, based on the guide's discretion or your level of comfort, modifications to the planned route can be made. It's all part of the adventure!

Day 1: Meet in Krakow

Welcome to Krakow, the "City of Kings". We suggest arriving a day or two before the tour begins so you can explore Poland's historic royal capital and its many sights, such as Wawel Castle, St. Mary's Basilica, the Main Market Square, the historic Kazimierz district, and, of course, countless cafes and bars! On arrival day, we meet at our tour hotel in the late afternoon for a trip briefing and welcome dinner. Please let us know if you require assistance with airport transfers and pre-tour hotel bookings.

 Hotel Farmona  Dinner

Day 2: Krakow – Mszana Dolna

Starting directly from our hotel, we ride south into the countryside of the Lesser Poland Voivodeship. We keep a leisurely pace as we take in our first views of southern Poland's rolling hills, farmlands, and forests. After around 25 km, we reach Dobczyce, a small town with the ruins of a medieval castle perched atop a hill overlooking a lake. After a break in this scenic area, we continue further south into the foothills of the Carpathian Mountains. We ride up and down a mildly steep pass and finish today's route in Mszana Dolna, a charming little Polish town hardly known to tourists.

Day 3: Mszana Dolna – Szczawnica

Today's ride takes us deeper into the wilds of the Carpathians and closer to Slovakia. Starting from Mszana Dolna, we journey towards the Gorce Mountains, a hilly range covered by dense forests and rough glades. The first half of the ride involves a fair bit of climbing, including bursts on gravel roads and forest paths as we skirt around the western edge of Gorce National Park. The second half is mostly downhill and flat as we enter the valley of the Dunajec River. We follow the course of the river to Szczawnica, a charming spa town nestled in the heart of the Pieniny Mountains, where we spend the night. You'll have the afternoon free with several exciting options of further exploration. If you want to give your legs a rest, then take the chairlift up to the Palencia Peak for stunning views over the surrounding landscape. For those with extra pedal power, you can bike around 20 km to beautiful Lake Czorsztyn and the medieval fortress of Niedzica which sits gracefully above its shoreline.

Day 4: Szczawnica – Levoca

The first 10 km of today's ride will lead us from Poland into Slovakia. We cycle through a deep gorge in the Pieniny Mountains, surrounded by the Dunajec River, limestone peaks, and dense forests. Best of all, the path is for pedestrian and bicycle use only, offering a rare opportunity to experience a border crossing devoid of cars! As we enter Slovakia and veer west of the river, the terrain opens up into the vast expanse of the Spis region – an undulating landscape of forests, farmlands, and meadows, interspersed with Slovak villages and towns. We follow quiet, winding backcountry roads that rise and fall with the contours of the valleys, culminating in a final downhill directly into the historic town of Levoca. Part of the UNESCO World Heritage ensemble in Spis, Levoca's old town is renowned for its well-preserved medieval and Renaissance architecture. Noteworthy is the Church of St. James, home to the world's highest wooden church altar! With two nights to spend here, take your time to soak in the town's timeless atmosphere and rich cultural heritage.

Day 5: Spis Castle Loop

With a couple of hilly days behind us, we slow things down to dedicate the day to one of Central Europe's most significant and largest medieval castle ruins: Spissky hrad. Starting from Levoca, we'll cycle an easy 15 km to reach the town of Spisska Kapitula which lies at the foot of Spissky hrad. This will be our base as you have a few hours to explore this UNESCO World Heritage listed fortress. Whether looked at from below or from atop, you'll quickly find that this is a medieval castle ruin to the nth degree! Perched on a rocky outcrop, and towering over the surrounding landscape, the stone remains of courtyards, walls, towers, keeps, a dungeon, and a chapel, stand as a testament to a time when Hungarian kings and knights ruled these lands. Beyond Spissky hrad, you can also discover Spisska Kapitula, a small ecclesiastical town often referred to as the 'Slovak Vatican'. After sufficient historical exploration we reconvene for lunch and ride back to Levoca for a second night. Dinner is on your own today.

Day 6: Levoca – Strbske Pleso

It is time to complete our final ascent into the High Tatras Mountains, the highest mountain range in Slovakia and the Carpathians as a whole. Starting from Levoca, we first head south towards Slovak Paradise National Park. Riding on country lanes that connect a string of towns and villages along the northern edge of the National Park, we have wooded hills on one side and a patchwork of agricultural fields on the other. After around 50 km, we reach Poprad, the gateway to the Tatras Mountains and a lively, historic city in its own right. Here, we pause to rest and recharge before tackling the last 35 km of higher gains and steeper gradients up to the montane lake of Strbske Pleso, located at 1,400 meters above sea level. The breathtaking backdrop of the lake, framed by the snow-capped peaks of the High Tatras Mountains, is like a living painting – one we'll have the pleasure of enjoying for the next two nights from a classic Slovakian wellness hotel.

Day 7: High Tatras Exploration

This morning, join the tour's cool-down ride, taking us along a tarmac road in the shadows of the imposing granite peaks of the Tatras. Trending almost entirely downhill, this roughly 30 km ride will allow us to take in some of the area's best views at a leisurely pace from the saddle. After reaching Poprad, we'll return to higher ground at our hotel in Strbske Pleso by support van, where you'll have the remainder of the day at leisure. In the afternoon, we recommend going for a hike into the mountains via the vast network of trails accessible just footsteps from the hotel. There is also a chairlift to take you up to Predne Solisko for unmatched panoramic views over the Tatras and surrounding valleys. And, don't forget to treat yourself to some time in a spa or wellness zone to loosen up those muscles after an epic week of riding. The High Tatras are one of Europe's oldest and most esteemed wellness destinations, offering rejuvenation to travelers since the times of the Austro-Hungarian Empire. In the evening, we reconvene for a farewell dinner.

Disclaimer: The adventure cycling tours we operate often go beyond the beaten track, and the countries where we ride are not always predictable. Due to these reasons, it is occasionally necessary to reroute or update itineraries. Our guarantee is that we will not change a trip unless for safety or to improve it. Our listed hotels are always accurate at the time of writing, but should we have to change any hotel, it will always be for a similar or better one.

NUTS & BOLTS

Bikes

Bikes are included for this tour and are well-known makes of hardtail mountain bikes with Shimano component's and front suspension. Helmet hire is included, however you are welcome to bring your own seat and/or pedals, and we'll fit them to your bike for the tour.

E-Bikes are also available. Please enquire for the price and reservation. E-bikes are in limited supply.

All our guides are well informed in the history, culture and religions of the area where you are biking and are skilled at passing that knowledge on to you. Your guide is also medically trained and an experienced cyclist, able to handle most minor repairs en route.

THE NITTY GRITTY

SLOVAKIA

Passports and Visas

Slovakia is a member of the Schengen Area. Citizens of the UK, US, Canada, Australia, and New Zealand do not require a visa for short-term tourism. All visa-exempt travellers must obtain a valid ETIAS approval prior to arrival. This digital registration links to your passport and remains valid for three years. The Entry/Exit System (EES) operates at all borders, requiring a biometric registration of facial images and fingerprints upon entry into the Schengen zone. For citizens of the EU, Switzerland, and Norway, entry is permitted with a valid National ID card or passport. Ensure your passport remains valid for at least three months beyond your intended date of departure.

Health & Insurance

No specific vaccinations are mandatory for entry to Slovakia. We recommend remaining current on standard boosters such as Tetanus and Hepatitis A/B. As cycling routes often traverse dense forests, be mindful of ticks and consider a vaccination for tick-borne encephalitis if you plan significant time in the backcountry. Comprehensive travel insurance is essential and must specifically cover cycling activities and medical evacuation. EU citizens should carry a valid European Health Insurance Card (EHIC), while UK citizens should carry a Global Health Insurance Card (GHIC).

Weather

The prime window for cycling in Slovakia spans from May to September.

- **The Best Window:** June and September offer the most stable conditions and comfortable riding temperatures, typically ranging between 17°C and 23°C.
- **Summer Peak:** July and August provide the warmest weather, though sudden afternoon thunderstorms are common in the High Tatras.
- **Mountain Climate:** Temperatures drop significantly at higher elevations; snow can persist on mountain passes into late May.
- **Gear:** High-quality waterproof layers and thermal mid-layers are essential for mountain descents and unpredictable alpine shifts.

Food

Slovak cuisine is hearty, rustic, and designed for mountain life. You must try the national dish, **Bryndzové halušky** (potato dumplings with salty sheep cheese and bacon). Other staples include **Kapustnica** (a thick sauerkraut soup) and various smoked meats. The mountain regions produce exceptional sheep cheeses, which feature heavily in local menus. For a sweet treat, look for

Šufance with poppy seeds. All dietary needs are managed upon notification at the time of booking.

Drink

Slovakia possesses a strong brewing and distilling tradition. Local lagers such as **Zlatý Bažant** are excellent, while the more adventurous should try **Borovička**, a potent juniper-based spirit. In the southern regions, Slovakian wines—particularly the white varieties—offer a crisp, sophisticated alternative. Tap water is safe to drink throughout the country and is often sourced from natural mountain springs. Alcohol during meals is not included in the tour price.

Solo Travellers

SpiceRoads welcomes solo adventurers and does not charge a mandatory single supplement. We arrange for you to share a room with another traveller of the same gender in twin-share accommodation. If no match is available, you receive a single room at no additional cost. If you prefer to guarantee your own private room for the duration of the trip, a single supplement is available at the rate listed in the tour pricing.

Extra Expenses

Slovakia remains one of the more affordable Alpine destinations in Europe. Budget for personal incidentals such as traditional wood-carved folk art, high-quality outdoor apparel, or local herbal liqueurs like **Tatratea**. Tipping is standard practice; rounding up the bill or adding 10 percent for good service in restaurants is expected. Small gratuities for your support crew are also a common gesture of appreciation.

Money

The currency is the Euro (€).

- **Card Acceptance:** Credit and debit cards are widely accepted in hotels, restaurants, and shops in Bratislava and major regional hubs.
- **ATMs:** Cash machines are plentiful and accept most international cards.
- **Rural Cash:** In smaller mountain villages and remote guesthouses, a cash-based economy remains common. It is essential to carry Euro notes for use in local taverns and for small purchases in the countryside.

Polish cuisine is hearty, soulful, and deeply connected to the seasons. You must try **Pierogi**, which are traditional dumplings filled with meat, cheese, or seasonal fruits. Other staples include **Bigos** (a rich hunter's stew) and **Żurek**, a sour rye soup served with egg and sausage. The forests provide a wealth of wild mushrooms and berries that feature prominently in regional specialities. For a quick snack, look for **Oscypek**, a smoked sheep cheese found in the southern highlands. All dietary needs are managed upon notification at the time of booking.

Tap water is safe to drink in major cities and towns, though many cyclists prefer bottled or filtered water in remote rural areas. Coffee culture is prominent in historic centres, often served with traditional poppy seed cakes. Alcohol during meals is not included in the tour price.
