TRIP PROFILE

We ride a total of 485 km over six cycling days, including five full riding days plus a short warm-up ride at the start of the tour. Total elevation gain is just under 7,000 metres, spread across varied terrain and carefully paced days. Daily distances generally range between 70 and 100 km, with elevation gains of 500 to 1,800 metres. The most demanding stage is the ascent of the Transalpina, with up to 139 km of riding and approximately 3,000 metres of climbing. Other days balance sustained climbs with rolling sections, creating clear variation across the week. The itinerary includes a mix of point-to-point stages and loop rides, adding variety to both terrain and daily rhythm. The route moves through the Braşov–Sibiu–Sighişoara cultural triangle, linking some of Transylvania's most distinctive historic towns. Cultural highlights along the way include Biertan, one of the region's most important Saxon villages, centred around its UNESCO-listed fortified church, as well as a visit to Sibiu Open Air Village Museum, one of the largest open-air ethnographic museums in Central and Eastern Europe. Most days include planned stops for cultural visits, along with regular pauses to regroup, refuel, and take in the surroundings. The trip is fully supported, and your guide's expert knowledge of the area and terrain means that you always know what is coming up in terms of distance and difficulty. This makes a tremendous difference, as does the constant supply of water and refreshments along the way.

Suitability: This tour is best suited to intermediate and advanced road cyclists who ride regularly and maintain a strong level of general fitness. Over the course of the journey, you cover approximately 500 km with just under 7,000 metres of total elevation gain, including several long mountain climbs. You should be comfortable riding longer distances on consecutive days, pacing yourself on sustained climbs, and riding as part of a group on varied terrain, from rolling countryside to high mountain roads. While the days are carefully structured, with regular regrouping and cultural stops, this is a physically demanding itinerary that rewards preparation and steady endurance. Throughout the tour, the support vehicle is always nearby to offer refuge to any weary cyclists.

Biking Conditions: The route follows a mix of quiet minor roads, rural country lanes, and one national road on the Transalpina. Most of the riding takes place on paved roads suited to road bikes, linking villages, farmland, and rolling countryside. Road surfaces vary, reflecting the rural character of the region, but are generally in good condition. Traffic levels are typically low, particularly outside towns, though riding through villages and small urban areas can be busier at times. Across the week, the terrain alternates between rolling sections and longer climbs, with open stretches that allow the group to find a steady rhythm. Regrouping points are built into each day, and the guide manages pacing and positioning to support smooth group riding as conditions change. We generally ride rain or shine, but based on the guide's discretion or your level of comfort, modifications to the planned route can be made. It's all part of the adventure!

Accommodation: Stays are at a comfortable 3–4 star level and reflect the character of the regions we travel through. Accommodation includes restored medieval guesthouses, traditional rural hotels, and small heritage properties, often family-run, with select nights in historic settings where available. Rooms are clean, comfortable, and well-maintained, though standards and layouts may vary from place to place, particularly in rural areas. Some older properties, while full of character, may show signs of age, and service can be more relaxed than you might be accustomed to. For larger groups, we may use more than one accommodation in the same location, and in the case of limited availability, we may substitute an alternative property of a similar standard to that listed in the itinerary.

Day 1: Meet in Bucharest or Brașov & Head to Cincșor

The tour begins with a morning group pickup in Bucharest or Brașov. We recommend arriving in either city the day before the tour begins to allow for a smooth and relaxed start. The transfer from Bucharest takes approximately four hours, while the transfer from Brașov is around one hour. If you are joining in Brașov, there is time to enjoy lunch in town before the transfer. Guests picked up in Bucharest make a short stop en route for snacks before continuing into rural Transylvania and the quiet Saxon village of Cincșor. On arrival, we settle into our accommodation and prepare for a short warm-up ride through the surrounding countryside, an easy introduction to the bikes and terrain. After the ride, there is time to relax before a trip briefing and our welcome dinner together.

Day 2: Cincșor - Transfăgărășan

The day begins directly from the hotel, rolling out through the Transylvanian countryside for a gentle warm-up before the road gradually begins to rise. After approximately 35 km of steady approach riding, the Transfăgărășan comes into view and the climb proper begins. The ascent to Bâlea Lake follows the legendary mountain road for roughly 25 km, climbing steadily to just over 2,000 metres above sea level. The gradient is sustained but consistent, allowing time to settle into a rhythm as the scenery becomes increasingly dramatic. As we gain height, the road opens into

wide alpine curves with sweeping views across the rugged Făgăraş Mountains, often referred to as the Transylvanian Alps. At the summit, Bălea Lake sits in a glacial basin surrounded by steep rock walls and high peaks. We pause here for lunch before regrouping for the long, flowing descent toward Cârțișoara. From there, we return to Cincșor by support vehicle, with a transfer of around 30 minutes, or continue riding back to the hotel for those who would like to extend the day. In the evening, we come together for dinner and time to unwind after a full day in the mountains.

Day 3: Cincșor - Sighișoara

After breakfast, we ride out into the Transylvanian Highlands on quiet country roads. The terrain is rolling rather than steep, offering a gentler day after the previous mountain climb. Early on, the route passes through the village of Cincu, centred around its fortified church, before continuing through open countryside with the Carpathian Mountains stretching across the horizon. The day unfolds along minor roads and through small villages, following sections of the Hârtibaciu River and moving through the Brașov–Sibiu–Sighișoara cultural triangle. The ride reflects the long-settled history of the region, shaped by Saxon communities and rural life. We arrive in Sighișoara around lunchtime and sit down together for lunch. The afternoon is then free to explore the historic centre at your own pace. One of Europe's best-preserved medieval citadels and a UNESCO World Heritage site, Sighișoara remains a living town, with cobbled streets, towers, and layers of architecture dating back to the 12th century. In the evening, dinner is on your own, with plenty of restaurants and traditional taverns to choose from in the historic centre.

Day 4: Sighișoara - Sibiu

The ride begins directly from the hotel, following a scenic secondary road through the Hârtibaciu Valley. The terrain remains gently rolling as the route passes through Biertan, one of the most important Saxon villages in Transylvania, centred around its UNESCO-listed fortified church.

Continuing through open countryside and small settlements, the day offers a strong sense of the region's rural rhythm and long-settled history. As the ride approaches Sibiu, traffic increases slightly near the city. To avoid busier roads, we can transfer the final 25 kilometres or continue riding all the way to the hotel.

Sibiu is an engaging place to spend the next two nights. Named European Capital of Culture in 2012, the city is known for its well-preserved Saxon heritage, elegant façades, and lively cultural scene. The compact historic centre is home to medieval walls and towers, museums such as the Brukenthal Museum, and a relaxed café culture that makes it easy to unwind and explore at your own pace. In the evening, we come together for dinner in the city.

Day 5: Sibiu - Păltiniș Loop

The day begins with a steady climb from Sibiu toward Păltiniș, a historic mountain resort set high above the city. The ascent includes several sustained sections, rewarded by a classic mountain road and expansive views, before a long descent back toward Sibiu. The route leads directly to the Open Air Village Museum, one of the largest open-air ethnographic museums in Central and Eastern Europe. Set in forested grounds around two artificial lakes, the museum features more than 300 traditional houses, workshops, and rural buildings from across Romania, connected by over 10 kilometres of walking paths. There is time to explore the exhibits and enjoy lunch. After the visit, we return by bike to the same hotel in Sibiu. The remainder of the afternoon and evening is free to explore the city at your own pace and choose where to dine. A shorter riding option is available, and those who prefer a rest day can skip the ride entirely and enjoy Sibiu, saving energy for the following day's longer stage.

Day 6: Transalpina Ascent

The final riding day is the queen stage of the tour, centred on the Transalpina, Romania's highest road and the most demanding climb of the week. Known locally as the King's Road, this historic mountain pass cuts deep into the Carpathian Mountains, delivering a sustained and rewarding ascent on a well-engineered mountain road. A 20-minute transfer brings us from Sibiu to the start near Săliște, where rolling terrain offers a steady lead-in before the climb begins in earnest. The ascent gains height gradually, combining long steady sections with a few steeper ramps, eventually reaching Urdele Pass at 2,145 metres above sea level. As we climb, the scenery opens into wide alpine views and exposed high-mountain terrain. After cresting the pass, the route continues across a rolling plateau before a fast, flowing 20-kilometre descent into Novaci. From here, we transfer for around 30–40 minutes to our final overnight stop in Măldărești. In the evening, we come together for a farewell dinner, marking the end of the week's riding.

Day 7: Măldărești Departure

After breakfast, the tour comes to an end. We arrange transfers according to onward travel plans, either to Sibiu International Airport or to Bucharest. If you would like to stay a little longer, it is possible to extend your time in Măldărești or nearby Horezu, known for its traditional pottery and listed as a UNESCO World Heritage site. Hotel extensions and private transfers can be arranged at additional cost. Let us know your plans and we'll help organise the details.

Disclaimer: The adventure cycling tours we operate often go beyond the beaten track, and the countries where we ride are not always predictable. Due to these reasons, it is occasionally necessary to reroute or update itineraries. Our guarantee is that we will not change a trip unless for safety or to improve it. Our listed hotels are always accurate at the time of writing, but should we have to change any hotel, it will always be for a similar or better one.

NUTS & BOLTS

Bikes

Because some people can't imagine going on a trip without their own beloved bicycle, we do not provide them as part of this tour. However, you can hire bikes locally for the price listed in the tour pricing section. Road bikes are ideal for this trip, and quality road bikes are available to hire locally. You are also welcome to bring a gravel bike, though it is not required. Given the amount of climbing on this tour, appropriate gearing is recommended, including compact cranks and a rear cassette of 30 teeth or larger. If you bring your own bike, please ensure it is a road or gravel bike in good mechanical order and suitable for sustained climbing over multiple days.

Bike Repairs

Basic spares and tools are carried by the guide and on the support vehicle, though we cannot guarantee having spares for every conceivable problem. Carrying a basic tool kit, a spare tube and a pump while riding is recommended.

Safety

Wearing a helmet is required on all our biking adventures and is non negotiable. If you do not wear a helmet you will not be allowed to cycle. Your tour leader is trained in first aid and emergency rescue, but to a large degree you must be responsible for your own safety while riding. It is therefore compulsory that you take out travel insurance that will cover you for a mountain biking tour.

Guides

You will be led by a local English-speaking guide and if the group is 9 people or more we will add another guide to the tour. All our guides are well informed in the history, culture and religions of the area where you are biking and are skilled at passing that knowledge on to you. Your guide is also medically trained and an experienced cyclist, able to handle most minor repairs en route.

THE NITTY GRITTY

Passports and Visas

Romania is a member of the **Schengen Area**. Citizens of the **UK, US, Canada, Australia, and New Zealand** do not require a visa for short-term tourism and are permitted to stay for up to **90 days within any 180-day period**.

Travellers from visa-exempt nations are required to have a valid **ETIAS** (European Travel Information and Authorisation System) approval prior to arrival. This is a digital registration linked to your passport and is valid for three years. Additionally, the **Entry/Exit System (EES)** is operational at all borders, which involves a quick biometric registration (photo and fingerprints) upon your first entry into the Schengen zone. For citizens of the EU, Switzerland, and Norway, entry is permitted with a valid National ID card or passport.

Health & Insurance

No specific vaccinations are mandatory for entry, though it is advisable to be current on standard boosters such as Tetanus and Hepatitis A/B.

Comprehensive travel insurance is essential and should specifically cover cycling and medical evacuation in mountainous regions. If you are an EU citizen, ensure you carry a valid European Health Insurance Card (EHIC), or a Global Health Insurance Card (GHIC) if you are from the UK, to access state-provided healthcare.

Weather

The prime cycling season in Romania runs from **May to September**.

- **The High Passes:** The legendary **Transfăgărășan** and **Transalpina** highways are high-altitude routes and are typically only fully clear of snow and open to traffic from **late June until October**.
- **Conditions:** Summer in the lowlands is warm and pleasant (20°C–30°C), but weather in the Carpathian Mountains is famously unpredictable. Rapid temperature drops and mountain storms can occur even in mid-summer.
- **Gear:** High-quality waterproof layers and thermal gear are mandatory for any alpine sections to manage the shift between sunny valleys and exposed peaks.

Food

Romanian cuisine is rustic, filling, and deeply tied to the land. Key dishes to look out for include **Sarmale** (cabbage rolls stuffed with spiced meat and rice) and **Mici** (grilled ground meat rolls). The dairy heritage is strong here, particularly the local sheep's milk cheeses like **Telemea**. Most meals are served family-style, and our tours cater to all dietary preferences; please ensure you notify us of any requirements at the time of booking.

Drink

Hydration is a priority, especially during the long climbs of the Carpathian passes. We provide ample water and local snacks during the ride. Romania has a winemaking tradition dating back thousands of years; the white wines are crisp and refreshing, while the full-bodied reds like **Fetească Neagră** are excellent. For a traditional post-ride experience, you might try a small glass of **Țuică** (plum brandy), a staple of Romanian hospitality.

Solo Travellers

SpiceRoads does not charge a mandatory surcharge for solo travellers. We will arrange for you to share a room with another traveller of the same gender in twin-share accommodation. If a match is not available, we provide a single room at no extra cost. If you wish to guarantee your own private room, a single supplement can be added to your booking at the rate listed in the tour pricing.

Extra Expenses

Romania remains an affordable destination by European standards. You should budget for personal incidentals, tips for the support crew, and unique local souvenirs such as hand-painted ceramics from Horezu or traditional woven textiles.

Money

The currency is the **Romanian Leu (RON)**, often referred to locally as "Lei."

- **Card Acceptance:** Credit and debit cards are widely accepted across the country, including in most rural shops and guesthouses.
- **ATMs:** Cash machines are plentiful in all towns and regional hubs, accepting major international cards (Visa/Mastercard).
- **Cash:** While digital payments are the norm, it is still wise to carry a small amount of cash for tips or for use in the most remote mountain areas where signal for card terminals may be intermittent.
