TRIP PROFILE

Our average distance per day is 94 km (the maximum daily distance being Day 4, with up to 124 km), while the average elevation gain is +1527 m/day (the maximum gain is on Day 9, with +2400 m). On Day 1, we will transfer by vehicle a short distance out of Madrid's urban area. From here, we can continue our journey by bicycle all the way to Portugal! We ride a total of 1126 km and climb +18600 m over 12 days of cycling, with a rest day on Day 6. . The ride difficulty steps up gradually over the first three days, varying from +800m to +1500m/day. Days 4 and 5 raise the bar for distance and elevation as we enter the heart of the Sierra. Day 6 is our well-deserved rest in La Alberca. We ease back into cycling on Day 7 with a more moderate day, followed by big rides on Days 8 to 11 as we make our way through the Portuguese mountains. Reaching the Atlantic, enjoy coastal joyrides of approx. 100 km and just over +1000m per day as we near our destination, Lisbon! We will transfer into the city at the end of the last ride and celebrate our achievement with a final dinner before saying goodbye on the morning of Day 14.

The trip is fully supported, and your guide's expert knowledge of the area and terrain means that you always know what is coming up in terms of distance and difficulty. This makes a tremendous difference, as does the constant supply of water and refreshments along the way.

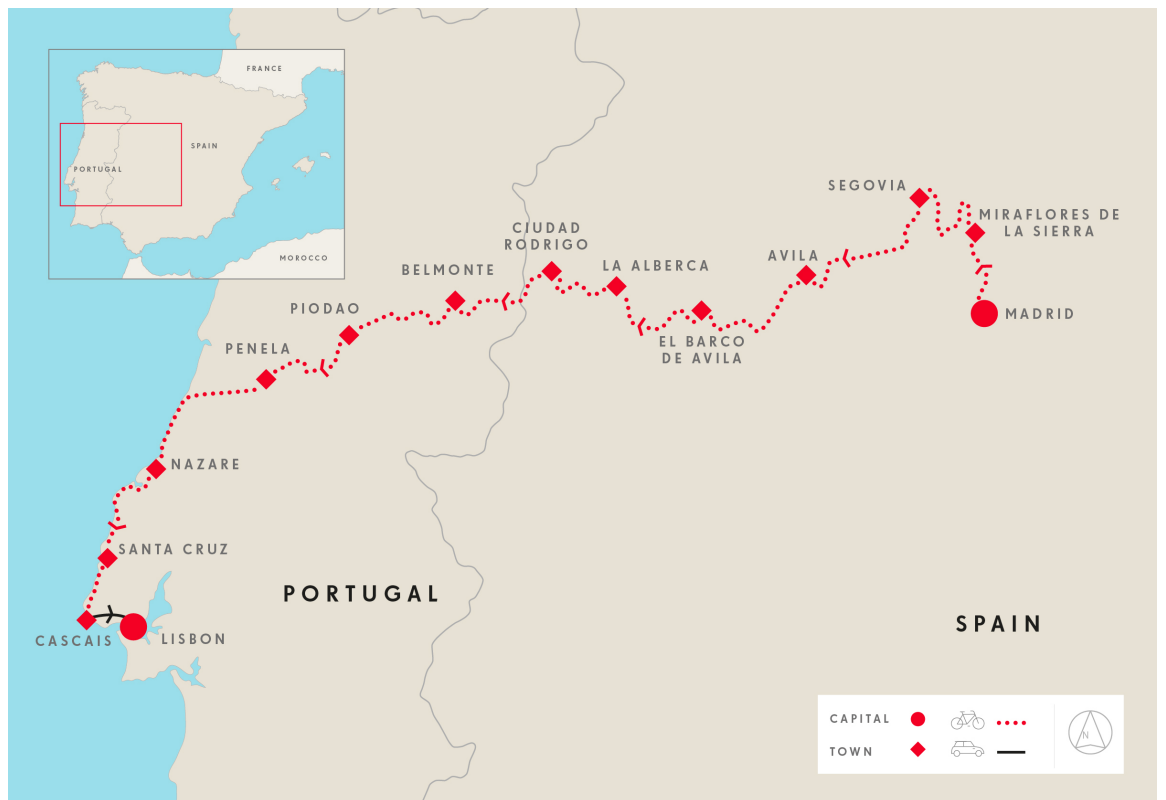

Suitability: This is a challenging cycling tour that caters to experienced road cyclists with good physical fitness. You should be comfortable with daily climbing of +2000 m or more over consecutive days, and be able to handle your bicycle well on narrow roads with steep descents and hairpin turns. While the days vary in difficulty, and the tour includes a rest day, each day of riding will bring significant climbing challenges, potentially with extreme mountain conditions such as heat, cold, high winds, and rain along the way. Of course, we will always have support vehicles available in case you need a lift!

Biking conditions: The rides are chosen to be ideal for cycling, meaning heavy traffic will be rare, but it's always possible to encounter vehicles along the way. We will also ride into historic town centres and other settlements, which will mean navigating among numerous vehicles and other obstructions. Road surfaces are generally tarmac, but may include some rough broken asphalt, occasional gravel sections, and cobblestones. Steep, extended descents on mountain roads mean that control of the bike and ease with braking will be a must.

Riding in the mountains, we can expect a wide variety of climates and temperature swings from hot to cold, as well as sudden changes in the weather. Appropriate cycling gear for mountainis, including layers and waterproof apparel, will be essential.

We generally ride rain or shine, but based on the guide's discretion or your level of comfort, modifications to the planned route can be made. It's all part of the adventure!

Hotels: We have carefully selected quality hotels to bring out the best in our surroundings while offering warm, welcoming Iberian hospitality after our demanding rides. Central locations in medieval towns and port villages allow us to engage in the local life, while swimming pools and spas give us the chance to rejuvenate in comfort. We will spend two nights, including our rest day, in La Alberca's Abadia de Los Templarios, which features a magnificent terrace and fine spa treatments, situated near the many activities of the town itself. Our final night hotel in Lisbon, The Marques de Pombal, is located within walking distance of the city's many attractions, including the cathedral and port area.

Day 1: Madrid to Miraflores de la Sierra

Begin your adventure in the heart of Madrid at Plaza del Sol, where we meet at a central location near the iconic km 0 marker where all roads of Spain begin. We transfer north out of the city a short distance to avoid traffic, then begin our epic point-to-point cycling journey across Spain and Portugal. You'll skirt the verdant Anillo Verde range, but the real challenge begins just a few kilometers in, as the road gets closer to the sharp climbs of the majestic Guadarrama Mountains. Conquering these climbs will be the exhilarating highlight of your day, setting the stage for a triumphant arrival at your first accommodation in the village of Miraflores de La Sierra.

Disclaimer: The adventure cycling tours we operate often go beyond the beaten track, and the countries where we ride are not always predictable. Due to these reasons, it is occasionally necessary to reroute or update itineraries. Our guarantee is that we will not change a trip unless for safety or to improve it. Our listed hotels are always accurate at the time of writing, but should we have to change any hotel, it will always be for a similar or better one.

NUTS & BOLTS

Bikes

Because some people can't imagine going on a trip without their own beloved bicycle, we do not provide them as part of this tour. However, you can hire bikes locally for the price listed in the tour pricing section.

If you bring your own bike, please make sure it is a road bike in good mechanical order, and that you bring any specialty/spare parts that might be needed for your model of bike.

Bike Repairs

Basic spares and tools are carried by the guide and on the support vehicle, though we cannot guarantee having spares for every conceivable problem. Carrying a basic tool kit, a spare tube and a pump while riding is recommended.

Safety

Wearing a helmet is required on all our biking adventures and is non negotiable. If you do not wear a helmet you will not be allowed to cycle. Your tour leader is trained in first aid and emergency rescue, but to a large degree you must be responsible for your own safety while riding. It is therefore compulsory that you take out travel insurance that will cover you for a mountain biking tour.

Guides

You will be led by a local English-speaking guide and if the group is 9 people or more we will add another guide to the tour. All our guides are well informed in the history, culture and religions of the area where you are biking and are skilled at passing that knowledge on to you. Your guide is also medically trained and an experienced cyclist, able to handle most minor repairs en route.

THE NITTY GRITTY

SPAIN

Passports and Visas

Spain is a member of the Schengen Area. Citizens of the UK, US, Canada, Australia, and New Zealand do not require a visa for short-term tourism. All visa-exempt travellers must obtain a valid ETIAS approval prior to arrival. This digital registration links to your passport and remains valid for three years. The Entry/Exit System (EES) operates at all borders, requiring a biometric registration of facial images and fingerprints upon entry into the Schengen zone. For citizens of the EU, Switzerland, and Norway, entry is permitted with a valid National ID card or passport. Ensure your passport remains valid for at least three months beyond your intended date of departure.

Health & Insurance

No specific vaccinations are mandatory for entry to Spain. We recommend remaining current on standard boosters such as Tetanus and Hepatitis A/B. When cycling in the northern "Green Spain" regions or the humid valleys of Andalusia, be mindful of ticks and mosquitoes. Comprehensive travel insurance is essential and must specifically cover cycling activities and medical evacuation. EU citizens should carry a valid European Health Insurance Card (EHIC), while UK citizens should carry a Global Health Insurance Card (GHIC).

Weather

The prime window for cycling in Spain varies by region.

- **The Best Window:** April, May, and September offer the most comfortable riding temperatures across the interior, typically ranging between 18°C and 26°C.
- **Summer Peak:** July and August bring intense heat, particularly in Andalusia and the central Meseta, where temperatures often exceed 35°C.
- **The North:** Galicia and the Basque Country remain cooler and greener but receive higher rainfall.
- **Gear:** Pack high-SPF sun protection and lightweight, breathable fabrics. A light windproof shell is essential for mountain descents in the Sierra Nevada or the Picos de Europa.

Food

Spanish cuisine celebrates the quality of raw ingredients and regional tradition. You must experience the *tapas* culture of the south and the *pintxos* bars of the north. Essential dishes include **Paella** in Valencia, **Gazpacho** in Andalusia, and **Tortilla de patatas** across the country. The ritual of the *sobremesa* means meals often last for hours, providing a slow and restorative finish to the day. All dietary needs are managed upon notification at the time of booking.

Drink

Spain possesses a legendary winemaking heritage, ranging from the bold reds of **Rioja** and **Ribera del Duero** to the crisp **Albariño** of the north. Sample a chilled **Fino** sherry in the south or a sparkling **Cava** in Catalonia. Coffee culture is prominent; a *café solo* or *cortado* provides a quick

caffeine hit at any local bar. Tap water is safe to drink in all major cities and towns, though it can have a mineral taste in coastal areas. Alcohol during meals is not included in the tour price.

Solo Travellers

SpiceRoads welcomes solo adventurers and does not charge a mandatory single supplement. We arrange for you to share a room with another traveller of the same gender in twin-share accommodation. If no match is available, you receive a single room at no additional cost. If you prefer to guarantee your own private room for the duration of the trip, a single supplement is available at the rate listed in the tour pricing.

Extra Expenses

Spain offers excellent value for money, though prices in major hubs like Madrid and Barcelona are higher than in the rural interior. Budget for personal incidentals such as artisanal leather goods, high-quality saffron, or traditional ceramics. Tipping is not strictly mandatory, but rounding up the bill or leaving a few euros for good service in restaurants is standard practice. Small gratuities for your support crew are also a common gesture of appreciation.

Money

The currency is the Euro (€).

- **Card Acceptance:** Credit and debit cards are widely accepted in hotels, restaurants, and shops throughout the country.
- **ATMs:** Cash machines (*cajeros*) are plentiful and accept most international cards.
- **Rural Cash:** In smaller mountain villages, remote *vías verdes* stops, and some local markets, a cash-based economy remains prevalent. It is essential to carry Euro notes for small purchases, coffee breaks, and for use in areas where digital payment terminals may be unavailable.

PORTUGAL

Passports and Visas

Portugal is a member of the **Schengen Area**. Citizens of the **UK, US, Canada, Australia, New Zealand, and Japan** (among others) do not require a visa for tourism and are permitted to stay for up to **90 days within any 180-day period**.

All visa-exempt travellers are required to obtain a valid **ETIAS** (European Travel Information and Authorisation System) approval prior to arrival. This is a digital authorisation linked to your passport, valid for three years, and must be applied for online before you travel. Additionally, all non-EU/Schengen citizens are subject to the **Entry/Exit System (EES)**. This replaces manual passport stamping with a digital registration of your entry and exit, including a biometric scan (facial image and fingerprints) at the border.

For citizens of the EU, Switzerland, and Norway, entry is permitted with a valid National ID card or passport. If you are from a country that requires a Schengen Visa, you must apply through a Portuguese consulate or embassy. Please ensure your passport is valid for at least three months beyond your intended departure date.

Health & Insurance

No specific vaccinations are mandatory for entry, though being up-to-date on standard boosters (Tetanus, Hep A/B) is always recommended.

While Portugal has high-quality healthcare, we strongly recommend comprehensive travel insurance that covers cycling activities and medical evacuation. If you are an EU citizen, ensure you carry a valid European Health Insurance Card (EHIC). UK citizens should carry their Global Health Insurance Card (GHIC) to access reciprocal state-provided healthcare for necessary treatments.

Weather

Portugal's climate is influenced by both the Mediterranean and the Atlantic, creating diverse conditions for riding.

- **The Best Window:** April to June and September to October are the "Goldilocks" months, offering mild temperatures and clear skies.
- **Summer Heat:** In July and August, the interior—particularly the Alentejo—can see temperatures exceeding **35°C**. During these months, coastal routes are preferred as they benefit from cooling Atlantic breezes.
- **Winter:** The Algarve remains mild, making it a popular winter training spot, though the northern mountains can be wet and receive snow at higher altitudes.

- **Gear:** Layers are essential. Even on sunny days, the Atlantic coast can be surprisingly breezy and cool once the sun sets.

Food

Portuguese gastronomy is honest, seasonal, and deeply tied to the sea. The national obsession is **Bacalhau** (salted cod), but you will also find exceptional fresh grilled sardines and octopus along the coast. In the interior, look for hearty **Alentejo pork** and game dishes. No visit is complete without a **Pastel de Nata** (custard tart) from a local bakery. Most meals are served with regional bread and premium olive oils. We cater to all dietary needs; please let us know your requirements at the time of booking.

Drink

Hydration is a priority, especially during inland climbs. We provide ample water and local snacks during all rides. Portugal's wine culture is world-class; try the crisp, effervescent **Vinho Verde** in the north, robust reds in the Alentejo, and the iconic **Port wine** in the Douro. For a traditional digestif, a small glass of **Ginjinha** (sour cherry liqueur) is a local favourite. Soft drinks and alcohol during meals are not included in the tour price.

Solo Travellers

SpiceRoads does not charge a mandatory single supplement. We will arrange for you to share a room with another traveller of the same gender. If no match is available, you will receive a single room at no extra charge. If you prefer to guarantee your own private room, a single supplement is available at the rate listed in the tour pricing.

Extra Expenses

Portugal remains one of the most affordable destinations in Western Europe. Budget for personal incidentals such as post-ride coffees (a local *bica*), unique souvenirs like cork-based handicrafts or hand-painted tiles (*azulejos*), and tips for your local support team.

Money

The currency of Portugal is the **Euro (€)**.

- **ATMs:** Known as **Multibanco**, ATMs are plentiful in airports and towns, accepting most international debit and credit cards.
- **Cards:** Visa and Mastercard are widely accepted in hotels, restaurants, and most shops.
- **Cash:** While the country is highly digitised, it is wise to carry a small amount of cash for tips or for use in traditional "Tascas" (taverns) in smaller rural villages.

If the tour is cancelled for any other reason, including due to Covid related travel restrictions, we will give you a full credit (with no deductions for admin or any other small-print item) to use on any SpiceRoads tour with no time limit. (Exceptions being flights, special permits and other non-refundable items and these will be advised when booking the trip).

Before paying for your tour, you can cancel your booking with no charge and up until 40 days before departure, you can change your booking to another travel date or move your booking onto another SpiceRoads tour with no charges.

If you need to cancel after you have made full payment, please see our [cancellation policy](#).

Loyalty Riders Club

For those who have been on several long tours with us, we reward customer loyalty by offering repeat customers a special discount off the tour price (excludes single supplement and bike rental). If this is your fourth scheduled tour or more you will receive a 5% discount. If this is your eighth scheduled tour or more we will extend a 10% discount. The discount will be reflected in your online booking, but please contact us if any questions. Loyalty discounts cannot be used in conjunction with any other offer. Note: Only tours of 7 days or more will be applicable for a loyalty discount.

International Flights

International flights, to and from the start and finish points are not included in the tour price. Once your tour is Guaranteed to Depart you can book your flight. Please contact us for advice before arranging flights for the best arrival and departure times. We would only cancel a trip for an extreme circumstance, but in that case, where we cancel your trip, we cannot be liable for losses incurred relating to any flight booking you have made. Please claim any losses from your [travel insurance](#) that you acquired when you booked your holiday.
