TRIP PROFILE

The first half of this 12-day cycling tour is on primarily flat terrain, so the daily distances are quite long. After our rest day, we ride up into the central highlands, and the distances are shortened to take into account the climbs. You will ride just over 840 km in 9 days of riding. In addition, the route is designed for you to take in the best of Sri Lanka's culture, countryside, and wildlife. There will be one rest day for you to explore Kandy.

The trip is fully supported, and your guide's expert knowledge of the area and terrain means that you always know what is coming up in terms of distance and difficulty. This makes a tremendous difference, as does the constant supply of cold drinks and fresh fruit.

Suitability: This is a tour for cyclists possessing a high level of physical fitness. Fitness will be a huge asset on those long-distance days and on the ascents in the hills. The tour is fully supported, and the bus is always close at hand for those that find the riding too difficult.

Biking Conditions: This trip is on paved roads that are in good condition, though there may be occasional short rough sections. The distances are long, but the climbs are gradual on easy gradients of 5%. In 9 days of cycling, we ascend a total of 7,557 m.

Day 1 Arrive in Negombo

We meet at our Negombo hotel for a trip briefing and welcome dinner.

Suriya Resort Waikkal

Dinner

Day 2 Negombo - Jaffna

After breakfast and final adjustments to our bikes we start riding out from the hotel heading inland along minor roads towards the north of the island at a relaxed pace, allowing us to fine tune the fit of the bikes. The area is known as little Rome due to the large number of Catholic churches, and soon the scenery gives way to paddy fields and coconut plantations. We'll take a break at a tea shop to regroup, snack and top up our water. The next section on wending flat

village roads are a joy to cycle along experiencing rural Sri Lanka that most tourist seldom see, the simplicity of everyday life and friendly smiles are the highlights of this ride. We end the ride after 75km and jump in the bus for a 5.30hr transfer to Jaffna stopping for lunch on route and again to stretch our legs at Killinochi, the former headquarters of the LTTE or Tamil Tigers. Once at the hotel you are free to relax as we stay here for the next 2 nights meeting later for dinner at the hotel restaurant

Day 3 Jaffna Peninsula Loop

We ride through Jaffna town with its lively markets and small fishing port, passing the old Star Fort built by the Portuguese in 1618 to defend the Peninsula. Crossing the causeway to Kyats Island, we head north along a straight road – ride as fast or as slow as you like! There are plenty of colourful water birds to see or photograph, painted storks and red-wattled lapwings to name a few. Regrouping at the ferry, we cross to Karaingar Island, continuing north to Casuarina Beach at the northern tip of the island, we dip our rear tires and maybe ourselves in the Indian Ocean, a symbolic start to our journey south to the southern-most point of Sri Lanka. After a brief swim and a snack stop, we loop back to the main land, riding on a mixture of good roads and one bumpy one back to Jaffna, arriving for a late lunch at one of the local restaurants. The afternoon is free to explore the town, meeting at 5pm to visit Ballur Kovil, a magnificent Hindu temple for the evening Pooja. A short walk away is Mangoes Restaurant for a tasty Masala Dosai, a crispy rice flour pancake with a spicy filling. Other authentic Tamil dishes are available as well.

Day 4 Jaffna - Mannar

Riding out from the hotel we turn south to Ponneryn, a causeway crossing the Jaffna lagoon famous for its tasty lagoon prawns, the local fishing traps make excellent photos. The road sees little or no traffic now but saw some major battles during the conflict era and the thick jungle hiding the scars of war is gradually being resettled. We stop every 30km or so to top up water and regroup ending the ride at 100km for our picnic lunch stop. From here its another 20km to Mannar town along a raised causeway through the surrounding flood plains, (the causeway is not such a smooth road), but gives us glimpse of the gulf of Mannar. The coastal waters around here are inhabited by rare sea mammals called Dugongs, once thought to be mermaids, they can sometimes be seen in the shallow waters around the bay. We end the ride at the huge Baobab tree, more than 700 years-old, which was brought here by Arabian traders. The massive trunk is 19.5 m in circumference, and its thick grey bark gives it the nickname elephant tree. There's not much else to see on the island except for lots of white sand and palm trees, gulls and terns, wild donkeys, little lanes and fishing boats. We transfer 15km to the resort, a small hotel with large verandas, in a natural setting mid-way along the island. You can enjoy a post ride beer and swim, in the India Ocean as we stay close to the sea.

Day 5 Mannar - Anuradhapura

A quick transfer back to our bikes and re-crossing the causeway, we head back to the mainland, riding inland through an area known as the Giants Tank, a large inland lake built by King Dhatuena (459-477) and now part of a wetland habitat reserve. The lake's water irrigates the surrounding rice fields tended by the traditional farming communities, some still using water buffalo to plough the fields. Lunch is a roadside stop at a small local restaurant, or better still, a picnic lunch eaten by a small but picturesque lake. Refueled, we continue riding the last 25km to Anuradhapura, the oldest ancient city in Sri Lanka. Dating from the 4th century BC, Anuradhapura was the capital of the Sinhalese Kingdom until the beginning of the 11th century AD and has some of the oldest and largest Buddhist monuments in Asia. During this period, it remained one of the most stable and durable centres of political power and urban life in South Asia. We visit the sacred Bodhi tree just after sunset when the pilgrims light "pahannas," little clay lamps and incense sticks, giving it a heady atmosphere. For dinner, we visit the bus stand area for some street food: Kottu Rottie served with spicy gravy.

Day 6 Anuradhapura - Sigiriya

This morning we'll start with a relaxed ride through the ancient city region, dotted with temples and stupas along the Old Kings Route. The scenic ride uses quite village roads to the first drink stop. We then ride a short section of main road before turning off towards Ritigala, a strict nature reserve. Legend has it the rocky outcrop is part of the Himalaya's dropped by the monkey god Hunman. When requested to bring a magic herb to heal his master he forgot the name and brought the whole mountain. Back on quite roads, the area is part of the Elephant Corridor, linking the eastern parks to the Northwest. The jungle lined roads bring us to Sigiriya, ending the ride at our hotel where we'll have lunch. In the late afternoon we'll climb up Sigiriya Rock, a 5th Century Citadel built by King Kashyapa (477-495 AD). The rock fortress is approached through the royal gardens, and then a natural boulder entrance before ascending 220 m to the Lions Paws entrance. The ruins of the palace on the summit are only surpassed by the magnificent views of the surrounding countryside.

Day 7 Sigiriya - Dambulla - Kandy

We cycle on quiet country roads directly from the hotel past Kandalama Lake to Dambulla. Dating from the 2nd century BC, it is the largest cave temple complex in Sri Lanka, adorned with thousands of frescos depicting the life of Buddha. Take a quick visit to the cave temple as we load up the bikes to avoid a particularly busy and bumpy stretch of road and transfer 45 minutes to foothills of the central province. After a quick snack, it's onto the bikes, riding on scenic roads for 45 kilometres through the spice growing region of Sri Lanka. It's a long, gradual rise before the main climb, a steep 500 metre ascent, up through the Keppitigala Pass. The rewards are magnificent views and a free day in Kandy, where we'll transfer the last 10 kilometres to avoid busy city roads. Arriving at the Hotel for lunch, the rest of the day is free to relax and explore the town.

Lunch and dinner is on your own tonight as there are many cuisines to choose from.

Day 9 Kandy - Hatton

The route will be hillier from here on out, so the distances are smaller, but the legs will still be challenged. Today, we ride through the heart of tea country with plenty of photographic opportunities almost at every bend. We then follow the Mahaweli River, and after 30 km, it's another ascent up to Hatton, one of the country's early tea plantation districts. We stay overnight on the edge of Castlereigh Reservoir.

Day 10 Hatton - Uda Walawe National Park

We start off with more climbing, with a few rough sections of tarmac, up through the tea estates passing by Adam's Peak, the holy mountain of Sri Lanka, to a remote pass which is part of a wilderness forest reserve. While this area is home to the shy purple-faced langur you are more likely to hear it than see it. We then begin our long descent, down one of the most beautiful (also bumpy) roads in Sri Lanka stopping at a lookout point with fine views across the southern part of the island and if it is clear, maybe even a glimpse of the sea. Continuing on back roads we reach our lunch stop, a local restaurant for a tasty rice and curry. We stay on good roads as we wind our way out of the hill country with a couple of water stops before reaching our hotel close to Uda Walawe National Park.

Late morning, we set off to complete our journey along good roads with vast expanses of green paddy fields on each side. The simplicity of rural life is showcased as we cycle towards Dondra Lighthouse, the most southerly point of the island. With a ceremonial dip in the India Ocean with our front tires, we conclude our road ride from north to south. We transfer along the busy coastal road to our finishing point near Galle and have a celebratory dinner for our accomplishment!

Disclaimer: The adventure cycling tours we operate often go beyond the beaten track, and the countries where we ride are not always predictable. Due to these reasons, it is occasionally necessary to reroute or update itineraries. Our guarantee is that we will not change a trip unless for safety or to improve it. Our listed hotels are always accurate at the time of writing, but should we have to change any hotel, it will always be for a similar or better one.

NUTS & BOLTS

Bikes

Because some people can't imagine going on a trip without their beloved bicycle, we do not provide them as part of this tour. However, you can hire bikes locally for the price listed in the tour pricing section.

If you bring your bike, please ensure it is a road bike in good mechanical order.

We also have E-Bikes available for hire, but they are limited in numbers and sizing - please send an email to us to check on availability.

Bike Repairs

Basic spares and tools are carried by the guide and on the support vehicle, though we cannot guarantee having spares for every conceivable problem. Carrying a basic tool kit, a spare tube and a pump while riding is recommended.

Safety

Wearing a helmet is required on all our biking adventures and is non negotiable. If you do not wear a helmet you will not be allowed to cycle. Your tour leader is trained in first aid and emergency rescue, but to a large degree you must be responsible for your own safety while riding. It is therefore compulsory that you take out travel insurance that will cover you for a mountain biking tour.

Guides

You will be led by a local English-speaking guide and if the group is 9 people or more we will add another guide to the tour. All our guides are well informed in the history, culture and religions of the area where you are biking and are skilled at passing that knowledge on to you. Your guide is also medically trained and an experienced cyclist, able to handle most minor repairs en route.

THE NITTY GRITTY

Passports and Visas

Travelers need a travel authorization to visit Sri Lanka for Tourism. Visa-exempt visitors entering Sri Lanka must obtain an Electronic Travel Authorization (eTA). Travelers can submit the eTA application and make payment online [here](#). Once the application is approved, travelers receive their eTA confirmation electronically. An eTA is electronically linked to a passport and valid for up to 30 days. The application process only takes a few minutes and you should receive confirmation within 24 hours. However, do not leave it to the last minute and apply as soon as you are able to avoid any delays or hassle before departing for Sri Lanka. We suggest keeping a print out of the ETA approval as well as a digital copy on your phone.

Please ensure that your passport is valid for at least 6 months beyond the date of arrival in Sri Lanka.

Health

We recommend that you visit a travel medical doctor and ask about vaccines and /or antimalarial tablets. This is also a good opportunity to discuss important travel health issues including safe food and water, accidents, [sun exposure](#) and insect bites as the problems experienced cannot be prevented by vaccinations and other preventive measures need to be taken.

Weather

Sri Lanka has a tropical climate, with distinct dry and wet seasons. The seasons are slightly complicated by having two monsoons. From May to August the Yala monsoon brings rain to the island's southwestern half and the Maha monsoon blows from October to January, bringing rain to the North and East. There is also an inter-monsoonal period in October and November when rain can occur in many parts of the island. Average temperatures for Colombo and the low-lying coastal regions are 27°C while at the higher altitudes like Kandy (500m), the average temperature is 20°C. A gortex rain jacket and a warm jumper for the central highlands are suggested clothing.

The best months to visit Sri Lanka are from December to March for the west coast, and from April to September for historical sites and the east coast. As we are traveling the length of the country it is likely for us to experience rain, however, it will be warm and we will likely continue riding through it.

Accommodation

The hotels listed are our first choice and where we hope you will stay, however, during festivals or other major events there is a chance we will have to substitute another hotel.

Food

Meals are included as per the itinerary where B = breakfast, L = lunch, D = dinner. Most meals are local and feature rice and curries. Sri Lankan curries come in many varieties of colors and flavors and can be meat- or fish- based dishes, but there are also vegetable and even fruit curries. Many of the spices used have ayurvedic value when used in curries. Meals are a mixture of local and western cuisines, with the local key ingredients being rice, coconut and especially spices, reflecting the island's history as a spice producer and trading center for hundreds of years. Any special dietary requirements can also be catered for as well. Please let us know at the time of booking.

Drink

Keeping you completely hydrated is a job we take very seriously. Cold water, some energy-restoring local fruit, and soft drinks are included in the tour price while riding. Soft drinks and other beverages during meals are not included. Beer is readily available everywhere but is NOT included in the price.

Solo Travelers

SpiceRoads does not require you to pay a surcharge for traveling alone. We will arrange for you to share accommodation with another traveler of the same gender and if we can not match you up we will provide a single room at no extra charge. If you prefer not to share a single supplement is payable to guarantee your own room. The cost of the single supplement is listed above.

Extra Expenses

We recommend that you tuck away a few extra dollars, perhaps US\$10 a day for incidentals.

Money

The Sri Lankan currency is the rupee (Rs). There are several money changers in the capital as well as major tourist cities and attractions. They generally don't charge commission and their rates are pretty good, with unlicensed money changers giving slightly better rates than officially licensed ones. However, ATMs are recommended if you are unsure and afraid of getting ripped off. ATMs have spread to all of the cities and major regional centers of Sri Lanka with Commercial Bank having the largest network of ATMs accepting international Visa, MasterCard, and Cirrus/Maestro cards. Any bank or exchange bureau will change major currencies into cash, including US dollars, euros and pounds sterling. To get the best rates, change rupees back into hard currency before you leave the country.
