TRIP PROFILE

We ride a total of 359 km over 6 cycling days, following a network of quiet rural roads through southern Transylvania. Daily distances average around 60 km, with rolling terrain and steady elevation gain rather than long, sustained climbs. The riding builds gradually through the week, with a few longer days toward the end that reward a steady, unhurried pace. Most riding days begin after breakfast, with a relaxed rhythm and regular stops, leaving time for visits along the way. Highlights off the bike include fortified Saxon churches, historic villages such as Viscri and Cincșor, and time to explore UNESCO-listed Sighișoara, with regional cuisine and local wines forming a natural part of the experience. The trip is fully supported, and your guide's expert knowledge of the area and terrain means that you always know what is coming up in terms of distance and difficulty. This makes a tremendous difference, as does the constant supply of water and refreshments along the way.

Suitability: This tour is suitable for riders with a reasonable level of fitness who are comfortable cycling on mixed terrain. We recommend some prior riding, particularly on hilly routes. While there are no sustained climbs, the rolling landscapes of Transylvania result in an average daily elevation gain of around 550 metres, spread steadily throughout the day. Most routes follow quiet country roads, with occasional busier sections when entering villages or towns. The support vehicle is always nearby to offer refuge to any weary cyclists.

Biking Conditions: This tour follows a varied mix of riding surfaces, including good tarmac, quiet country roads, gravel roads, forest tracks, and short off-road sections. Approximately 10% of the route is on dirt or gravel tracks, 10% on dedicated bike paths, around 50% on quiet roads with little traffic, and roughly 30% on roads shared with traffic, particularly when entering or leaving villages and towns. Rainfall is not uncommon in Transylvania at certain times of the year. We generally ride rain or shine, but based on the guide's discretion or your level of comfort, modifications to the planned route can be made. It's all part of the adventure!

Accommodation: Stays are at a comfortable 3–4 star level and reflect the character of the regions we travel through. Accommodation includes restored medieval guesthouses, traditional rural hotels, and small heritage properties, often family-run, with select nights in historic settings where available. Rooms are clean, comfortable, and well maintained, though standards and layouts may vary from place to place, particularly in rural areas. Some older properties, while full of character, may show signs of age, and service can be more relaxed than you might be accustomed to. For larger groups, we may use more than one accommodation in the same location, and in the case of limited availability, we may substitute an alternative property of a similar standard to that listed in the itinerary.

Day 1: Meet in Bucharest or Brașov & Head to Tălișoara

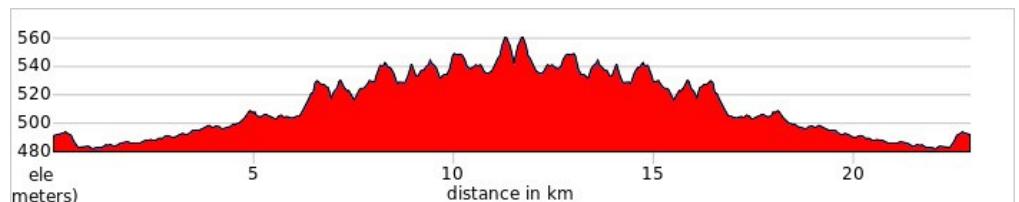

The tour begins with a morning group pickup in Bucharest or Brașov. We recommend arriving in either city the day before the tour begins to allow for a smooth and relaxed start. The transfer from Bucharest takes approximately four hours, while the transfer from Brașov is around one hour. If you are joining in Brașov, there is time to enjoy lunch in town before the transfer. Those picked up in Bucharest make a short stop en route for snacks before continuing into rural Transylvania. Our first destination is Tălișoara, a quiet village where we settle into our accommodation. Once there, the focus shifts to easing into the journey, with time for a short warm-up ride through the surrounding countryside to get comfortable with the bikes and terrain. After the ride, there is time to relax or visit the local blacksmith before a welcome dinner and an introduction to the days ahead.

Day 2: Tălișoara → Viscri

After breakfast, we ride straight out of the manor and into rural Transylvania. The route follows the Olt River, passing through medieval villages such as Vărghiș, Dacia, and Rupea, where little has

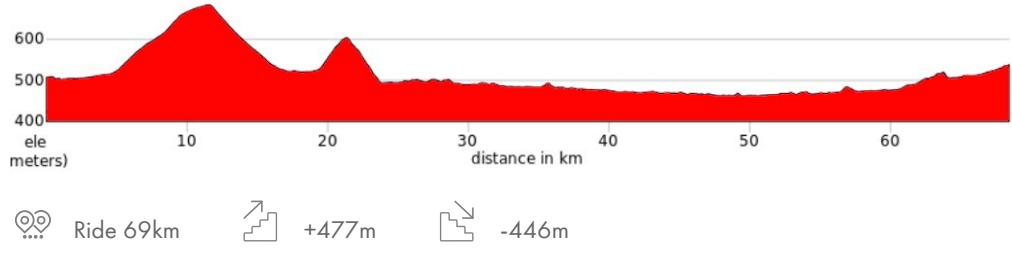

changed over the centuries. We stop in Rupea for a relaxed lunch before continuing the ride. In the afternoon, we cycle onward to Viscri, a historic Saxon village recognised by UNESCO for its cultural and archaeological significance. Best known for its 12th-century fortified church, Viscri feels like a postcard come to life, with whitewashed houses, thatched roofs, and local artisans along its cobbled main street. The village has benefited from long-term preservation efforts supported by King Charles III, and during our time here, you can step inside the traditional house he owns, now open as a small museum. We stay in a charming, traditionally restored guesthouse and have time to explore the village, visit the bakery, or browse local workshops. In the evening, we witness one of rural Transylvania's most memorable scenes as herds of cows return to the village from grazing in the surrounding pastures.

Day 3: Viscri → Cincșor

This morning, it's worth taking some time to wander through Viscri before setting off. We ride directly from our accommodation, heading west through the villages of Dacia and Jibert before climbing over a forested hill toward the village of Cobor. In Cobor, we visit a biodiversity farm and enjoy an organic lunch made with local ingredients. After lunch, the ride continues along a mix of quiet gravel tracks through the forest and local paved roads, leading us onward to Cincșor. We spend the night in a carefully restored historic guesthouse, offering comfortable accommodation and a strong sense of place rooted in the village's past.

Day 4: Cincșor → Sighișoara

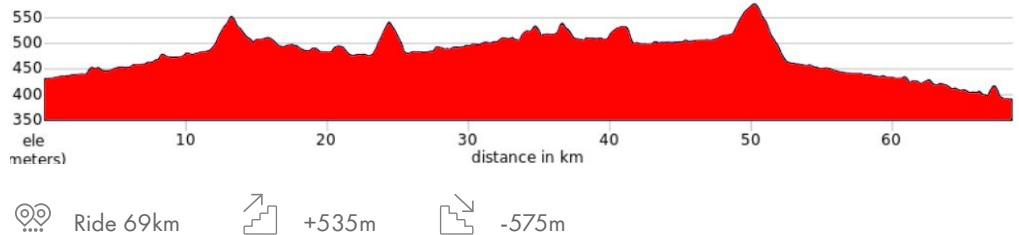

From Cincșor, we ride north through rolling countryside to the village of Dealu Frumos, whose name means "the beautiful hill" and which is considered the geographical centre of Romania. The route follows quiet rural roads, passing a series of Saxon villages that reflect the region's layered history. Near Agnita, we detour to the village of Movile, where we visit a fortified church currently undergoing restoration and enjoy lunch in the village. The ride then continues toward Sighișoara, one of Romania's UNESCO World Heritage sites and the best preserved of the country's medieval fortified towns. Perched on a hilltop, Sighișoara's citadel is a maze of cobbled streets, towers, and colourful houses, rich in stories and detail. It is also home to the birthplace of Vlad Tepeș, the historical figure who inspired Dracula, and today open as a small museum. The evening is free to explore the old town and choose from one of its many restaurants for dinner.

Day 5: Sighisoara → Cund & Wine Tasting

After breakfast, we ride out of Sighișoara along gentle country roads through a quiet rural landscape. The route includes an off-road section leading to the pastoral village of Prod, with an asphalt alternative available for those who prefer it. A series of gentle climbs carries us over low, wooded hills to the village of Cund, a small former German settlement known for its carefully restored traditional houses. The local community has preserved the village with care, maintaining its architectural character while bringing new life to the buildings. We stop in Cund for lunch and have the chance to taste locally made cheese. In the afternoon, we set out on an easy ride to a nearby boutique winery set among the surrounding hills, where we visit the cellar and enjoy a wine tasting. Afterward, we cycle back to Cund for the night.

Day 6: Cund → Sibiu

We begin the day with a pleasant ride to Biertan, the first village in Transylvania to receive UNESCO World Heritage status. Its fortified church, with imposing walls and soaring spires set against rolling green hills, is one of the region's most recognisable landmarks. From here, the route leads through forested terrain to Alma Vii, where we stop for lunch in a traditional Saxon cellar beneath the village's 13th-century fortified church. As we eat, we may even hear the church organ being played above us. After lunch, we continue riding through the Hârtibaciu Valley, passing quiet countryside on the way to Nocrich, a village known for its pottery tradition. In Nocrich, the riding day comes to an end, and we transfer for around 40 minutes to Sibiu, our final destination for our Transylvanian cycling journey. Named European Capital of Culture in 2012, the city offers a rich cultural scene, with museums, galleries, concert halls, and elegant squares all within easy walking distance of our hotel. Highlights include the medieval walls and towers of the old town and the Brukenthal Museum. We gather in the evening for a farewell meal, raising a glass of Romanian wine to a week well spent on the road.

Day 7: Sibiu - Breakfast and departure

After breakfast, the tour officially concludes in Sibiu. If you choose to stay longer, Sibiu offers plenty to explore, from its well-preserved historic centre and museums to nearby countryside easily reached from the city. One option is the ASTRA Open-Air Museum, an extensive outdoor museum set in the forest just outside town, showcasing traditional houses, churches, and rural life from across Romania. If you would like to extend your stay or need assistance with post-tour hotel bookings or onward travel arrangements, please let us know, and we'll be happy to help.

Breakfast

Disclaimer: The adventure cycling tours we operate often go beyond the beaten track, and the countries where we ride are not always predictable. Due to these reasons, it is occasionally necessary to reroute or update itineraries. Our guarantee is that we will not change a trip unless for safety or to improve it. Our listed hotels are always accurate at the time of writing, but should we have to change any hotel, it will always be for a similar or better one.

NUTS & BOLTS

Bikes

Because some people can't imagine going on a trip without their own beloved bicycle, we do not provide them as part of this tour. However, you can hire bikes locally for the price listed in the tour pricing section. You are welcome to bring your own mountain bike or gravel bike, provided it is in good mechanical condition. If you prefer not to travel with your own bike, front-suspension mountain bikes are available for hire locally, with rental costs listed in the tour pricing section. We also have E-Bikes available for hire, but they are limited in number and size - please send an email to us to check on availability.

Bike Repairs

Basic spares and tools are carried by the guide and on the support vehicle, though we cannot guarantee having spares for every conceivable problem. Carrying a basic tool kit, a spare tube and a pump while riding is recommended.

Safety

Wearing a helmet is required on all our biking adventures and is non negotiable. If you do not wear a helmet you will not be allowed to cycle. Your tour leader is trained in first aid and emergency rescue, but to a large degree you must be responsible for your own safety while riding. It is therefore compulsory that you take out travel insurance that will cover you for a mountain biking tour.

Guides

You will be led by a local English-speaking guide and if the group is 9 people or more we will add another guide to the tour. All our guides are well informed in the history, culture and religions of the area where you are biking and are skilled at passing that knowledge on to you. Your guide is also medically trained and an experienced cyclist, able to handle most minor repairs en route.

THE NITTY GRITTY

Passports and Visas

Passports and Visas Romania is an easy country to enter. It is part of the EU and the Schengen Zone, so easy to access for Europeans. Most countries in the Americas including U.S. and Canadian as well as Australian and British citizens may enter and remain in Romania without a visa for up to 90 days total. It is essential when entering Romania to present a valid passport with a minimum validity of six months from the date of entry into the country. .

Health

Health conditions in Romania are good, especially in the cities. In recent years, the range of health services has increased and become more modern. Hospitals and clinics provide proper care, but we recommend taking out travel insurance. There are no compulsory vaccinations for entering Romania. ~~~

Weather

Romania has a temperate climate, similar to the northeastern United States, or some parts of northern Europe, with four distinct seasons. Spring is pleasant with cool mornings and nights and warm days. Summer is quite warm, with extended sunny days. The hottest areas in summer are the lowlands in southern and eastern Romania but temperatures are always cooler in the mountains. Autumn is dry and cool, with fields and trees producing colourful foliage, much like New England. Winters can be cold, especially in the mountains. While not the rule, abundant snowfalls may occur throughout the country, from December to mid-March. Our trips typically start in May and run until October and you should expect temperatures as low as 15C/60F in Spring/Fall (Autumn) with cool mornings and evenings but warm in the daytime. You should pack some warm and waterproof clothes if travelling at this time of the year as it can rain and probably want arm-warmers, gilet and long pants and bring a few layers and a jacket for the evening. Daytime temperatures in Spring or Fall can vary between 7c (44F) – 17c (65F). Summer is warmer and can get quite hot with longer daylight hours and maximum temperatures of 35c (90F) in August and an average of 23c (73F). Expect to be cycling in shorts and short sleeves.

Food

While not well known abroad, Romanian cuisine is a near-perfect reflection of the country's agrarian roots and cosmopolitan history. Dishes borrow heavily from neighbouring (and occasionally occupying) cultures – Turkish, Hungarian, Germanic and Slavic. The Turks brought meatballs (perișoare in a meatball soup), from the Greeks there is mousaka, from the Austrians there is the șnițel, and the list could continue and some recipes can be traced to the Romans, as well as other ancient civilizations. One of the most common meals is the mămăligă, the precursor of polenta, served on its own or as an accompaniment. Pork is the main meat used in Romanian cuisine, but also beef is consumed and a good lamb or fish dish is never to be refused. Wherever we eat the results are always excellent with a wonderfully rustic, homemade quality, built around staples such as pork, chicken and lamb, but made special through the addition of ample, organic fruits and vegetables. We will make sure you sample a wide range of local cuisines and make sure we visit or stay at lodges with excellent food. Dinners are usually quite meat-oriented with pork or beef and sarmale cu mamaligă which is a traditional Romanian dish made of minced pork wrapped in pickled cabbage leaves and served with polenta and a chilli. Vegetarians and vegans and other dietary requirements can be catered for but please let us know in advance. ~~~

Drink (Riding and Recreational)

Keeping you completely hydrated is a job we take very seriously. Cold water, some energy restoring local fruit and soft drinks are included in the tour price while riding. Soft drinks and other beverages during meals are not included. You may also want to bring electrolytes in powder or tablet form. Alcoholic drinks are available everywhere but are not included. It needs to be pointed out that Romania is one of Europe's biggest wine producers, and while much of the output is aimed at the budget, student end of the market, quality is improving and several wines – both white and red – are worth looking for. The best winemaking regions for whites include the Târnave plateau, north of Sibiu, and Cotnari, near Iași. For reds, look for Dealu Mare (south of the Carpathians, near the Prahova Valley). Mureș, near the Black Sea, and Odobești, in southern Moldavia, produce both quality reds and whites. Drăgășani, in southern Romania, is home to one of the country's most promising new wineries, the Casa Isărescu. Another new and highly regarded winemaker is the Nachbil winery, located in the northwest of the country, near Satu Mare. And if that's not enough, pretty much every household makes their own Tuica (pronounced "tsweeka") which is a spirit usually made from plums and flavoured with herbs from their garden or the surrounding area. This is usually drunk whilst being welcomed into the house and after dinner. ~~~

Solo Travelers

SpiceRoads does not require you to pay a surcharge for travelling alone. We will arrange for you to share accommodation with another traveller of the same gender and if we can not match you up we will provide a single room at no extra charge. If you prefer not to share a single supplement is payable to guarantee your single room. The cost of the single supplement is listed above. ~~~

Extra Expenses

We recommend that you tuck away a few extra US Dollars for possible incidentals that might arise. It is always wise to have some paper currency in case of ATM absence or credit card problems. This will save you a lot of unnecessary worries. It is also customary to tip local tour

guides and drivers; however, the amount you give should be dependent on the level of service you receive. ~~~

Money

The Romanian leu is the currency of Romania. It is subdivided into 100 bani, a word that means "money" in Romanian. ATMs that accept major credit cards can be found in all sizable towns and cities. It's best to use credit cards as a backup for cash. There are many foreign exchange offices in every city and town and at major attractions. The best currencies to take are EUROS. Costs in Romania are generally much lower than in western Europe or North America and you will find your hard currency will buy you a lot of drinks in Romania. ~~~

Be Aware

Romania remains generally safe, and it's unlikely that you'll have any problems; violent crime against tourists is almost nonexistent and petty crime is much less than in most Western countries. However, take the usual precautions about avoiding rowdy political demonstrations, not flashing money around and being aware of pickpockets in crowded places.
