TRIP PROFILE

We ride 376 km over 6 cycling days. We bike along an excellent network of roads and paths through the Austrian, Slovakian, and Hungarian countryside. Much of the ride takes place near the banks of Danube but, in Hungary, we do veer inland as well. We ride from the morning to the early afternoon, with the remainder of the day at your own leisure to immerse yourself in the charm of the cities and towns bursting with history and culture. Please note that entrance fees to castles, museums, and other types of heritage sites that require payment to enter are not included. Your guide will discuss options for independent afternoon explorations in the places visited. The trip is fully supported, and your guide's expert knowledge of the area and terrain means that you always know what is coming up in terms of distance and difficulty. This makes a tremendous difference, as does the constant supply of water and refreshments along the way.

Suitability: This tour is suitable for anyone with a reasonable level of fitness. Having some experience in the saddle is recommended to comfortably ride the longer distances. This route is predominantly flat with only a few undulating sections which are few and far between. There is no technical riding required on this tour, but having good handling skills will be an asset to navigate non-paved sections. A support vehicle is always nearby to offer refuge to any weary cyclists. As the majority of the riding takes place on paved roads, this tour is not suitable for any riders seeking off-road experiences.

Biking Conditions: Around 80% of the route is on paved roads which are mostly in good condition, though broken asphalt, road debris, and potholes do present themselves. The remaining 20% are on gravel paths and some off-road trails. The riding takes place either on dedicated cycling paths close to the Danube River or on quiet backcountry roads with minimal traffic. Coming in and out towns, as well as near popular tourist attractions, we will share the roads with cars and buses and rules of traffic must be observed. While rainfall is uncommon during the months we schedule our tours, showers can occur at any time – we generally ride rain or shine though, based on the guide's discretion or your level of comfort, modifications to the planned route can be made. It's all part of the adventure!

Day 1: Meet in Vienna

Welcome to Vienna, the “Imperial City”. We suggest arriving a day or two before the tour begins so you can explore the Austrian capital’s many sights, such as the first district with its cluster of historic churches, former royal residences, world-class museums, and rustic cafes. A visit to the baroque-era Schönbrunn Palace or taking a stroll through the city vineyards are also worthwhile if you have more time. On arrival day, we meet at our tour hotel in the late afternoon and head out for a trip briefing and welcome dinner. Please let us know if you require assistance with airport transfers and pre-tour hotel bookings.

Day 2: Vienna – Bratislava

The first ride of the tour is one of the most memorable as, in just 75 km of cycling, we are able to connect the two capital cities of Vienna (Austria) and Bratislava (Slovakia). After navigating out of Vienna’s urban and suburban neighborhoods, we’ll reach the Danube Floodplain National Park, one of Europe’s largest untamed wetland areas. Here, a vast plain brimming with forests, meadows, marshes, and oxbow lakes sprawls along the banks of the Danube, creating a delightful biking route. Keep an eye out for various species of rare waterfowl native to the region. At the 55 km mark, we’ll arrive at the Austrian town of Hainburg, renowned for its massive medieval gate. From there, it’s only a few kilometers more to the border with Slovakia. Not too long ago, this area was one of the most heavily guarded and fortified parts of the Iron Curtain, but now, besides a change in language on the road signage, it is hardly noticeable that we are crossing a national border. We conclude our ride in Bratislava, Slovakia’s charming capital city,

where we'll spend two nights in one of its distinctive "botels" – floating hotels anchored in the Danube.

Day 3: Bratislava Loop & Wine Tasting

Bratislava is the kind of European city which invites you to slow down and enjoy the finer things in life. And that's exactly what we'll be doing today. In the late morning we have a leisurely bike tour of Bratislava, exposing us to the city's history from the fall of Rome to the fall of the Iron Curtain. Our route takes us through the historic town center, across the iconic SNP bridge, and into the oldest city park. We'll also explore communist-era housing estates and modern riverside developments before visiting the striking Blue Church. After lunch, you'll have free time to unwind – perhaps at a cozy café to watch the world go by or by visiting Bratislava Castle, one of the city's most celebrated, centuries-old landmarks. In the evening, before dinner, we'll head to a local wine cellar for a private tasting of some regional specialties. Even if you are not a wine drinker, the experience offers an interesting behind-the-scenes look at age-old Slovak traditions!

Day 4: Bratislava – Győr

Another day, another country! We depart Bratislava and cross from Slovakia to Hungary via Szigetköz, or "Little Rye Island", a river island nestled between the Danube and its labyrinth of tributaries which braid along the wetlands. Once we've reached the Hungarian plains we'll stray further to the west of the Danube, stopping for a break in the pretty town of Mosonmagyaróvár (easy to say, right?). From here we continue through an area of extensive farmlands to reach Győr where we spend the night. Győr is renowned for its lively and colorful city center filled with baroque architecture. Enjoy the afternoon strolling the cobblestone streets and reward today's cycling efforts with a brew or two in one of the city's numerous beer gardens! Dinner is on your own tonight.

Day 5: Győr – Komárom/Komárno

From Győr we head eastward back to the banks of the Danube. Across the Transdanubian plains, we ride through an endless patchwork of farmlands and villages. We enjoy a leisurely pace as we take in the sights of rural Hungary unfolding around us, maybe even spotting herds of Arabian horses which are bred in the region. Our destination is a city with two names, depending on which side of the Danube you're on! To the south of the river, on the Hungarian side, is Komárom and to the north, on the Slovakian side, is Komárno. In the afternoon, you can visit Komárno fort, one of the largest historic bastion fortifications in Central Europe and was constructed to defend against Ottoman invasions during the 16th and 17th centuries.

 Ride 55km  +105m  -107m

Day 6: Komárom/Komárno – Esztergom

We continue along the Danube, riding on bike paths that straddle the wide banks of the river. Along this section of the Danube there are still remnants of the Roman Limes, a network of ancient Roman military camps which protected the empire along its frontiers. One of these, Kelamantia, is just a few km south of Komárno and we'll stop to learn about this early chapter of Hungarian

history. We then continue onwards, passing by forests, farms, villages and vineyards to reach the city of Esztergom, Hungary's spiritual heart. Crowning the city is the Esztergom Basilica, the largest church in Hungary, boasting beautiful classicist architecture and interior decorations. You can also visit Esztergom Castle which, perched on a hill, offers splendid views over the Danube and the city.

 Hotel Szent Adalbert  Breakfast

 Ride 55km  +76m  -62m

Day 7: Esztergom – Budapest

On our final day of cycling we ride the "Great Bend" of the Danube, one of the most scenic stretches along the entire valley. Here, the river winds its way through forested hillsides and rugged cliffs and the banks are dotted with historic villages and towns. We'll ride through Visegrád, with its medieval castle peering down from a cliff face, and stop in Szentendre, known for its vibrant arts scene and elegant baroque architecture. And finally we reach the "Queen of the Danube", Budapest, where we end our bike tour. In the evening, Hungary's capital city glitters and sparkles as its facade of stately landmarks are lit up. We'll convene for a final Hungarian feast and bid our farewells.

Day 8: Budapest Departure

Our cycling tour has ended but we suggest you extend your stay to explore Budapest. Please let us know if you require assistance with airport transfers and post-tour hotel bookings. Heading back to Vienna via a river cruise on the Danube is also possible.

Disclaimer: The adventure cycling tours we operate often go beyond the beaten track, and the countries where we ride are not always predictable. Due to these reasons, it is occasionally necessary to reroute or update itineraries. Our guarantee is that we will not change a trip unless for safety or to improve it. Our listed hotels are always accurate at the time of writing, but should we have to change any hotel, it will always be for a similar or better one.

NUTS & BOLTS

Bikes

Bikes are included for this tour and are well-known makes of hybrid bikes. All bicycles contain Shimano components, suspended fork and a rear rack for a panniers. Helmet hire is included, however you are welcome to bring your own seat and/or pedals, and we'll fit them to your bike for the tour.

Safety

Wearing a helmet is required on all our biking adventures and is non negotiable. If you do not wear a helmet you will not be allowed to cycle. THE NITTY GRITTY

SLOVAKIA

Passports and Visas

Slovakia is a member of the Schengen Area. Citizens of the UK, US, Canada, Australia, and New Zealand do not require a visa for short-term tourism. All visa-exempt travellers must obtain a valid ETIAS approval prior to arrival. This digital registration links to your passport and remains valid for three years. The Entry/Exit System (EES) operates at all borders, requiring a biometric registration of facial images and fingerprints upon entry into the Schengen zone. For citizens of the EU, Switzerland, and Norway, entry is permitted with a valid National ID card or passport. Ensure your passport remains valid for at least three months beyond your intended date of departure.

Health & Insurance

No specific vaccinations are mandatory for entry to Slovakia. We recommend remaining current on standard boosters such as Tetanus and Hepatitis A/B. As cycling routes often traverse dense forests, be mindful of ticks and consider a vaccination for tick-borne encephalitis if you plan significant time in the backcountry. Comprehensive travel insurance is essential and must specifically cover cycling activities and medical evacuation. EU citizens should carry a valid European Health Insurance Card (EHIC), while UK citizens should carry a Global Health Insurance Card (GHIC).

Weather

The prime window for cycling in Slovakia spans from May to September.

- **The Best Window:** June and September offer the most stable conditions and comfortable riding temperatures, typically ranging between 17°C and 23°C.
- **Summer Peak:** July and August provide the warmest weather, though sudden afternoon thunderstorms are common in the High Tatras.
- **Mountain Climate:** Temperatures drop significantly at higher elevations; snow can persist on mountain passes into late May.
- **Gear:** High-quality waterproof layers and thermal mid-layers are essential for mountain descents and unpredictable alpine shifts.

Food

Slovak cuisine is hearty, rustic, and designed for mountain life. You must try the national dish, **Bryndzové halušky** (potato dumplings with salty sheep cheese and bacon). Other staples include **Kapustnica** (a thick sauerkraut soup) and various smoked meats. The mountain regions produce exceptional sheep cheeses, which feature heavily in local menus. For a sweet treat, look for **Šúľance** with poppy seeds. All dietary needs are managed upon notification at the time of booking.

Drink

Slovakia possesses a strong brewing and distilling tradition. Local lagers such as **Zlatý Bažant** are excellent, while the more adventurous should try **Borovička**, a potent juniper-based spirit. In the southern regions, Slovakian wines—particularly the white varieties—offer a crisp, sophisticated alternative. Tap water is safe to drink throughout the country and is often sourced from natural mountain springs. Alcohol during meals is not included in the tour price.

Solo Travellers

SpiceRoads welcomes solo adventurers and does not charge a mandatory single supplement. We arrange for you to share a room with another traveller of the same gender in twin-share

accommodation. If no match is available, you receive a single room at no additional cost. If you prefer to guarantee your own private room for the duration of the trip, a single supplement is available at the rate listed in the tour pricing.

Extra Expenses

Slovakia remains one of the more affordable Alpine destinations in Europe. Budget for personal incidentals such as traditional wood-carved folk art, high-quality outdoor apparel, or local herbal liqueurs like **Tatratea**. Tipping is standard practice; rounding up the bill or adding 10 percent for good service in restaurants is expected. Small gratuities for your support crew are also a common gesture of appreciation.

Money

The currency is the Euro (€).

- **Card Acceptance:** Credit and debit cards are widely accepted in hotels, restaurants, and shops in Bratislava and major regional hubs.
- **ATMs:** Cash machines are plentiful and accept most international cards.
- **Rural Cash:** In smaller mountain villages and remote guesthouses, a cash-based economy remains common. It is essential to carry Euro notes for use in local taverns and for small purchases in the countryside.

AUSTRIA

Passports and Visas

Austria is a core member of the Schengen Area. Citizens of the UK, US, Canada, Australia, and New Zealand do not require a visa for short-term tourism and are permitted to stay for up to 90 days within any 180-day period. All visa-exempt travellers are required to obtain a valid ETIAS approval prior to arrival; this digital registration is linked to your passport and remains valid for three years. Additionally, the Entry/Exit System (EES) is operational at all international borders, involving a biometric registration of facial images and fingerprints upon your first entry into the Schengen zone. For citizens of the EU, Switzerland, and Norway, entry is permitted with a valid National ID card or passport. Please ensure your passport is valid for at least three months beyond your intended date of departure.

Health & Insurance

No specific vaccinations are mandatory for entry to Austria. It is advisable to be current on standard boosters such as Tetanus and Hepatitis A/B. Comprehensive travel insurance is essential and should specifically cover cycling activities and mountain medical evacuation, particularly if you are heading into the Tyrolean Alps. If you are an EU citizen, ensure you carry a valid European Health Insurance Card (EHIC). UK citizens should carry a Global Health Insurance Card (GHIC) to access reciprocal state-provided healthcare for necessary medical treatments.

Weather

The prime window for cycling in Austria is from May to September, when the valley paths are at their most vibrant.

- **The Best Window:** June, July, and August offer the most consistent warmth, with temperatures typically ranging between 20°C and 26°C.
- **Alpine Variability:** In the high mountains, weather can shift rapidly. Even in midsummer, temperatures at the summit of an Alpine pass can be significantly lower than in the valley below.
- **Shoulder Season:** May and September provide crisp, clear riding conditions and fewer crowds, though some high-altitude passes may still have snow or early autumn frosts.
- **Gear:** A high-quality, lightweight waterproof shell is a mandatory piece of kit for any Alpine journey, as mountain thunderstorms are a common summer afternoon occurrence.

Food

Austrian cuisine is a refined celebration of Central European comfort, focusing on high-quality dairy, meats, and pastries. You must try the iconic **Wiener Schnitzel** (veal or pork cutlet) and **Kaspressknödel** (pressed cheese dumplings). In the mountains, the food is designed for the high-altitude appetite, featuring hearty stews and artisanal Alpine cheeses. For dessert, the **Apfelstrudel** and the rich chocolate **Sachertorte** are cultural institutions. Most meals are served family-style or in traditional "Gasthof" settings, and we cater to all dietary needs. Please notify us of any requirements at the time of booking.

Drink

The tap water in Austria is world-renowned for its purity, as much of it is sourced directly from Alpine springs. We provide ample water and local snacks during every ride. Coffee is a way of life here; the "Kaffeehaus" culture is UNESCO-recognised and offers a dizzying array of varieties like the **Wiener Melange**. Austria also possesses an exceptional winemaking tradition, particularly the crisp **Grüner Veltliner** white wines of the Danube valley. For a post-ride refreshment, the local Märzen-style beers are a staple of any mountain hut. Please note that alcohol during meals is not included in the tour price.

Solo Travellers

SpiceRoads welcomes solo adventurers and does not charge a mandatory single supplement. We will arrange for you to share a room with another traveller of the same gender in twin-share accommodation. If no match is available, you will receive a single room at no additional cost. If you prefer to guarantee your own private room for the duration of the trip, a single supplement is available at the rate listed in the tour pricing.

Extra Expenses

Austria is a premium destination with prices reflecting its high standard of living. You should budget for personal incidentals such as artisanal pastries, visits to historic abbeys, or high-quality Alpine gear. Tipping in restaurants is standard; it is customary to "round up" the bill or add approximately 10% for good service. Small gratuities for your support crew are also a common gesture of appreciation.

Money

The currency is the Euro (€).

- **Card Acceptance:** Credit and debit cards are widely accepted in cities like Vienna and Salzburg.
- **ATMs:** Cash machines (Bankomat) are plentiful in all towns and regional hubs.
- **The Cash Culture:** Despite its modernisation, Austria retains a strong cash culture in rural areas. It is essential to carry Euro notes for use in small mountain huts, traditional village taverns, and local farm stalls where digital payments are often unavailable.
